SANTIAGO, Cuba, (By
Telephone to New York)
Feb. 3.—A devastating earth-
quake wrecked buildings
throughout the city of San-
tiago at 2:41 a. m. today, in-
flicting a death toll estimat-
ed at between 100 and 200
persons.

The city was thrown into
complete darkness immedi-
ately, and it was impossible
to determine the exact ex-
tent of the quake's effect.

It was first believed 1,000
had been killed.

Thousands were wounded, victims
were caught sleeping in their homes,
which crashed without warning.

Their piercing cries rang out
through the night at police, soldiers,
doctors and nurses all joined in re-
scue work. Urgent pleas to the out-
side world for all available medical
aid were flashed over the telephone
and telegraph lines which luckily
remained intact.

PA NEW OBSERVES

Winter didn't stay with us long,
but there are still six or eight weeks
during which we can have some
nasty weather. And then again,
maybe the groundhog didn't see his
shadow.

New Castle residents should be
cautious about using gas stoves
which have no stovepipe to carry off
the fumes. If such a stove must
be used to heat a room, the win-
dow should be let down from the
top an inch or so. The same rule
applies to starting automobiles with
the garage door shut. There is a
deadly poison in the exhaust fumes,
which overcome a person before he
is aware of the danger.

Pa New learns of quite a few
New Castle folks who will have a
birthday for the first time in four
years. This doesn't mean that they
haven't grown any older, but there
just hasn't been a 29th of February
for that long. Birthdays are
real events for these people.

A new state law provides that a
highway patrolman in a state car
cannot give anyone a ride unless the
rider has been arrested.

Delegates from New Castle clubs

ROGERS
says:

(Special To The News)
GENEVA, Feb. 3.—This is the
hash of nations. There is 65
nations represented here. You
see this is land disarmament,
too, so every nation with rail-
road fare and a gun is here.

The smaller the nation, the
bigger the delegation. If you
disarmed, the delegation you
would have disarmed over half
the countries represented.

Turkey is here, not to disarm,
but to try and book some years
for the coming season.

The conference opens tomor-
row alphabetically, with Abyss-
inia the keynote speaker.

There is lots of nations here
willing to throw away two
spears and a shield for every
battle ship we sink.

Went into another huddle to-
day with Doc Wooley. I am
strong for Doc.

The American delegation held
a skull practice today with the
American press. Each delegate
spoke. All bemoaned the fact
that both congress and the senate
had disarmed the American
delegation of \$150,000, leaving
them only \$300,000 to argue on.

So our delegation, on account of
this, opens about half sore at
the world, anyhow.

Yours,
Will Rogers.

These statements, which Dr. Paul

trying Mrs. Judd for the "double
trunk murders."

Holloran, the prosecution has con-

HONOLULU, T. H., Feb. 3.—As
the United States fleet of 65
ships steamed under sealed orders
from Los Angeles harbor to Hawai-
ian waters, Honolulu today ex-
pressed keen disappointment that
the navy had not revoked its order

thousands of officers and enlisted

Shore liberty was denied following
a crime wave that resulted in the
criminal attacking by natives of
several white women and the mur-

for which four Americans are held.

Honolulu merchants said the naval
boycott of Honolulu would result
in a commercial loss of \$3,000,000.

Says Japan Planning Complete Withdrawal From All Naval Pacts

GENEVA, Feb. 3.—Japan is
planning at this session here to
announce her withdrawal
from the nine-power Pacific
pact and also from the naval
agreement negotiated at the
Washington disarmament con-
ference in 1922.

This will bring to an end all re-
strictive naval building treaties
binding upon her on Dec. 31, 1936
and permit her to embark upon any
naval program she sees fit.

See Conference Failure
Unless the Japanese government
reconsiders the disarmament con-
ference which opened here yester-
day under the shadow of the Sino-
Japanese fighting at Shanghai, it
certainly ended in dismal failure.

"Is it possible that Japan intends
to withdraw from the nine-power
pact and the Washington treaty?"
International News Service asked a
member of the Japanese disarmament
delegation today.

"It is not only possible but quite
probable" the Japanese replied.
American delegates to the con-
ference admit they are perturbed
but declare they are not surprised
at Tokyo's projected move.

To Create Big Navy
In the light of recent Japanese
activities in Manchuria and Shang-
hai the feeling is growing stronger
among diplomats gathered here that
Japan intends cutting the Gordian
knot binding her to occidental na-
tions which restricts her building
activities and sphere of influence.

Then after 1936 she could go
ahead unhampered and create a
military, naval and air estab-
lishment second to none and place
herself on at least equal footing with
the United States, Great Britain
and France.

International News Service learned
the Japanese military and naval
experts have informed other dele-
gations they must return to Tokyo
by April 1 because their leaves of
absence expire by that time.

of the Mayor's Relief Com-

total of \$6,200, which is better
than forty per cent of the total
asked for, \$15,000.

The more optimistic were of the
opinion that \$4000 would be the
total of today's report. When the
total was announced it was found
to be far beyond anything expected
and with a start such as this, no-
body wanted to hazard any guesses
on the total to be reported on Fri-
day at noon when the second report
meeting will be held.

Today's total was the result of a

there were a couple of these. It was
the result of steady consistent

Contributions of \$170, most of
them payments on pledges previ-
ously made, were recorded today by
Treasurer L. W. McClung of the
Mayor's Relief Committee.

Some of the amounts received to-
day were from city employees, many
of whom are making new pledges
to the fund.

There is enough money in the
fund to carry the work along as it
has been done in the past, and the
amounts subscribed in the campaign
now being waged for the Mayor's
Fund will be made available within
a few days now, so that there will
be no curtailment of the work.

New Castle citizens should not
feel hesitant about subscribing to
this fund, as those who are receiv-

Reports Indicate Woosung Forts Are
Silenced—Great Fires Started In
Chapei District Of Shanghai From
Japanese Attacks—China Accepts
Peace Proposals Of Powers, But
Japan Is Delaying Reply

(By International News Service)

Admiral Montgomery M. Taylor, Commander of the
United States Asiatic Fleet, arrived off Shanghai this aft-
ernoon aboard the cruiser Houston in the midst of a gen-
eral Japanese naval, land and air attack upon the Chinese
positions.

The Houston, with 300 marine reinforcements aboard
to protect American citizens, passed the Woosung Fort
fourteen miles down the river from Shanghai shortly after
Japanese warships opened a heavy bombardment.

Four hours later he protested to Japanese naval au-
thorities that their shells were endangering the United
States destroyer, Parrott, tied up near the American owned
Texaco oil plant.

Earlier in the day American marines arrested a Jap-
anese marine who was sniping at Chinese from within the
American defense zone of the international settlement.
After energetic complaints by Col. R. S. Hooker, command-
ing the American marines, the Japanese agreed to with-
draw their marines from the American zone tonight to
prevent trouble.

Though Japanese headquarters in
Shanghai and dispatches from Tok-
yo announced late this afternoon
(Far Eastern Time) that the Woo-
sung Forts had been silenced and
the positions occupied by Japanese
troops, Floyd Gibbons, International
News Service war correspondent, re-
ported from aboard the cruiser
Houston at 7:06 p. m. Shanghai time
that the bombardment was still on.

NORRISTOWN, Pa., Feb. 3.—
Rose Allen came to court today
and quietly took her place among
the spectators as she waited to
be called as witness in her
brother's trial for murder.

Still wearing the black she was
adopted since the death of her
fiance, she slipped into the crowded
room by a side door, and sank down
as if hoping for anonymity in that
tense and expectant spot.

Before her, his boyish head erect,
sat Edward H. B. Allen, the 23-year-
old lad at whose hands Francis A.
Donaldson, 3rd, met his death. He
did not know the brown eyes of his
sister were fastened upon him from
behind. His attention today, as on
the two days preceding this, was on
the witness stand.

High Spot In Trial

Every detail of testimony held his

The revelations from that stand

County Officials Go To Harrisburg

Commissioner P. O. Elder And Solicitor J. P. Lockhart To Confer On Bridge

County Commissioner P. O. Elder and County Solicitor John P. Lockhart went to Harrisburg today to confer with the state highway department relative to the building of the approaches to the proposed Willow Grove bridge.

Under present plans the location of the bridge is to be changed in order to eliminate the dangerous curve at the west end. This will necessitate the moving of the bridge down stream and a change in the roadway so that the curve at the east end of the old bridge will also be removed.

The land at the west and east end of the bridge is considerably lower than the present roadbed. In order to raise the roadbed to the proposed level of the new bridge, it will be necessary to make considerable of a fill on the east side of the Mahoning river and also a fill, not so long, on the west side.

It is said that these two fills will require about 1200 feet of new construction, and as the material for filling will have to be hauled a considerable distance, it will mean a heavy expense.

The county takes the position that as this is new road construction it should not be asked to provide three approaches but that the work should be done by the state. It is for the purpose of arriving at some definite understanding regarding this matter that the county officials are at Harrisburg today.

Contest Is Held At New Wilmington

Competitors Of Class "A" Schools Of County Hold First Meeting Last Night

First musical and literary contest of class "A" schools in Lawrence county was held at the New Wilmington high school building last night. The events were violin, girls' cello and extemporaneous speaking.

First place in the violin contest was won by Julia Lanovich of Mt. Jackson, with Laweene Swindler of New Wilmington, second. Other contestants were George Pello of Bessemer and Alice Reed, Jr., of Union township.

In the girls' cello contest, first place was won by Helen Hill of Shenango township, with Esther Davis, of New Wilmington, second. The other contestants in this event were Ruth Davis of Bessemer and Margery Gwin of Mt. Jackson.

In the extemporaneous speaking contest, Josephine Cwynier of East Brook won first place, Pearl McConnell of New Wilmington, second and Stanley Zelinko of Bessemer, third. County Superintendent of Schools, William Johnston of Mercer county, was the judge of literary events and David Reese, musical instructor in Sharon schools, of the musical features.

County Superintendent of Schools, John C. Syling, was present, and assisted with the exercises.

There was good attendance and the contest was highly enjoyed. This evening there will be a contest of class "B" schools at Plaingrove consolidated school building.

Patrolmen Report Slight Accidents

State Highway patrolmen received two reports of slight motor vehicle accidents yesterday in the vicinity of Stevenson's bend, New Castle-New Bedford highway.

When the car of William Hogland, Los Angeles, made a turn at the bend, the rear-end struck the car of Eugene Abler, Warren, O. Slight damage resulted. No one was hurt in the accident.

A truck operated by Arthur Carlson, according to State Highway Patrolman Cunningham, skidded from the highway at the top of the hill above Stevenson bend, hit a pole and was damaged. Carlson sustained slight wounds on his head and one hand.

The thief had secured an old yellow gold hunting case watch, a silver open face watch, two revolvers, one a .32 calibre Spanish make and the other a .32 calibre six inch barrel revolver and a number of coins, principally old three cent and fifty cent pieces.

continuing at this hour. Shells falling around us.

(Editor's Note.—Earlier in the day Japanese marine headquarters at Shanghai had announced the Woonung forts had been reduced.)

The United States destroyers Parrott and Bowie are moored to the dock in front of the Texaco oil installation down the river near the confluence of the Whangpoo and Yangtze.

The shells falling near the Houston are supposed to be coming from Japanese cruisers steaming up and down the Yangtze river, directing bombardment from their eight inch guns against the Woonung forts.

Due to the close range and flat trajectory the shells are flying over a wide area, endangering neutral shipping and warships.

Edwin S. Cunningham, United States consul general at Shanghai, came down the river in an admiral's barge this afternoon and boarded the flag ship.

Official ceremony was suspended as Cunningham was piped over the side. Admiral Montgomery Taylor received him and stretched out his hand.

"I'm damned glad you got here," Cunningham exclaimed.

The two retired at once to the admiral's quarters for a secret conference over the Shanghai situation.

The conference was interrupted by an urgent wireless message from the destroyer Parrott down the Whangpoo river, stating that Japanese shells were falling near the ship and in the vicinity of the American Texaco plant.

Admiral Taylor immediately dispatched an officer in a fast launch to the nearest Japanese warship to call attention to the Parrott's message.

The Japanese promised to wireless their cruisers in the Yangtze to lower their range at once or change the direction of their fire.

ditions were being organized at Miami, Fla., to comb the storm-tossed waves of the south Atlantic for a missing pantoon plane with one pilot and four passengers aboard.

On the west coast new storms threatened to delay the search for the missing Century Pacific airliner which disappeared last Friday with three women and five men aboard.

Hope for the survival of the eight persons was virtually abandoned. Lieut. Edward D. Hoffman, an army pilot, disappeared in his bombing plane while searching for the vanished airliner. His companion, Lieut. William A. Cocke, Jr., leaped to safety in a parachute.

Another reason why there are fewer murders per capita in England is because fewer people desire to kill one another.

U. S. FLEET ARRIVES AT SHANGHAI AS JAPS BOMBARD CITY

densely populated quarter great fires broke out tonight and a holocaust was feared.

Fragments of shells fell inside the foreign concessions and several foreigners were reported to have been wounded.

At Nanking 50 American and English women and children evacuated aboard the Yangtze river steamer Woonung, and a British cruiser is enroute to take off other foreigners.

The Chinese government has announced its complete acceptance of the peace proposals made by the United States and British governments.

The Japanese cabinet is meeting today but is expected to make counter proposals, objecting particularly to neutral observers taking a hand in the Japanese negotiations for a settlement.

International News Service dispatches from Geneva report Japan plans to withdraw from the Nine-Power Pacific Pact and the Washington Disarmament Treaty so she can be free to build a navy as large as she desires.

By DIXON HOSTE International News Service Staff Correspondent

SHANGHAI, Feb. 3.—8:40 P. M.—The International Settlement was brilliantly illuminated tonight by flames which threatened to engulf completely the Chapel area, scene of a terrific artillery duel between Chinese and Japanese forces.

Large sections of the native Chinese area around a huge Japanese cotton mill just across the international border were in flames.

Another large fire broke out behind the Central post office within the boundaries of the Settlement. It was believed started by Japanese Marines in an effort to rout out snipers. The blaze was brought under control shortly before this dispatch was filed.

Rokusai gardens, a favorite Japanese amusement resort, were gutted by flames. Japanese officials claim the fire had been set by Chinese troops but it was believed ignited by the Japanese themselves to cover a retreat by a part of their forces.

Chapel in Flames. A large section of the Tientung station was in flames. This fire and other blazes set by the Japanese threatened Northern Chapel with extinction.

A survey of the Japanese lines along the Chapel front this afternoon revealed a slight contraction, instead of an advance, which had been expected as a result of this morning's terrific engagement.

The fighting had lulled at 6:30 this evening.

Japanese military headquarters announced that their renewed aerial bombardment of Chapel was prompted by the need of destroying the Chinese stokes mortar emplacements which had killed the Japanese lines with heavy artillery fire.

Japanese troops quarrelled near the Tientung station carried out a successful sortie against the Chinese and then withdrew to their own lines. Foreign observers in the battle area expressed belief that the Japanese were able to advance against the strong Chinese resistance and are now awaiting reinforcements before launching a new offensive.

Bombardment Starts. The bombardment at Woonung commenced at 11:40 a. m., three Japanese destroyers opening the fire with light pieces. At 1:15 p. m., Japanese airplanes bombed the forts for twenty minutes, the forts weakly returning the fire.

At 4:20 p. m., Japanese warships opened fire with six-inch guns in the direction of the Chapel power station. Five shells burst near the Steamer Pano Naldera in the Whangpoo river, while eight others destroyed the Woonung military road, falling short of a party of Chinese troops in the vicinity.

Since 4:30 p. m., occasional bursts of machine-gun fire have been heard. The Whangpoo was plunged into darkness, the ordinary tide signals being extinguished, forcing ships to proceed at their own risk.

A check-up showed a dozen shells fell in the International Settlement during the battle. A few buildings were damaged but there were no casualties.

Bombard Forts. (International News Service.) Shanghai, Feb. 3.—Japanese warships opened a heavy bombardment of the Woonung Forts fourteen miles from the heart of Shanghai this afternoon, shortly after a dozen planes had carried out a terrific bombing attack upon Chapel, the native quarter north of the international settlement.

As the attack upon the forts was launched the planes returned to the attack upon Chapel and Japanese marines once again opened an on-

slaught against the Chinese barricades in Chapel.

Large sections of the native city appeared to be a fire.

There was in unconfirmed report the Woonung forts had been reduced.

By JOHN GOETTE International News Service Staff Correspondent

Shanghai, Feb. 3.—Twelve big Japanese planes carried out the greatest air raid on the Chapel district of Shanghai this morning since Japanese marines were landed to occupy the native city.

At the same time Japanese and Chinese guns engaged in an artillery duel.

The air bombardment started at 11:20 and lasted for forty minutes. At exactly noon the planes headed down the river for the airplane carriers.

The International News Service Correspondent watched the attack from the roof of the eight story Cathay Hotel in the heart of the international settlement.

I had a clear view of the maneuvering planes, heard the bombs explode in the densely populated native city and saw great clouds of smoke rising from burning buildings.

Feeble Resistance

The Chinese put up a feeble attempt to bring down the Japanese bombers with machine-gun fire and artillery pieces but the bombers ignored their efforts.

A heavy pall of smoke was rising above Shanghai shortly after noon from the blazing Chapel area.

At noon a fresh blaze broke out behind the central postoffice within the international settlement, apparently set by sparks from buildings bombed in Chapel.

From my vantage point on the roof of the hotel I could see traffic moving in the streets of the international settlement below as if nothing was happening.

Across in the Chapel district the native population was fleeing in terror.

No More Sunday Shows Says Mayor

Statement Announces Position With Reference To Relief Fund Program

Mayor Charles B. Mayne in a statement today announced there would be no operation of picture shows here next Sunday. His statement follows:

"I wish to thank the owners of moving picture shows in the city of New Castle for this hearty cooperation with me in raising money for the needy. I called upon these men to donate the theaters and equipment including everything that they have any cost to for a performance given last Sunday, explaining to them the urgent need of money to keep the Mayor's Relief on its feet.

"These men readily agreed to do everything and anything possible to help me with the situation.

"There was at no time or place anything said that could be inferred as an opening wedge for the theaters to remain open on the Sabbath day.

"This show, given in five theaters, last Sunday, was a 100 percent charity performance and not subject to the laws of the state or the ordinances of the city of New Castle.

"The hearty response and the committee having charge of raising funds have met with warrants me in calling off any future shows that were contemplated.

"I again wish to thank the theater owners and all other friends that contributed in making a success of this movement for the raising money for the Mayor's relief."

Chicago Slayer Declared Insane

Confessed "Hamer-Slayer" Is Found To Be A Homicidal Maniac

(International News Service.) CHICAGO, Feb. 3.—Paul Harrison, 29-year-old mechanic, who admitted he used the tools of his trade to smash the heads of three victims, was declared a homicidal maniac by alienists today.

Authorities became convinced he was mentally unbalanced during the hours of questioning that followed his confessions yesterday.

During the questioning, Harrison admitted he had no motive for the slayings. He said the urge to crush in the skulls of his victims overpowered him.

Husband Follows Wife In Death

Forty Hours Elope Between Death Of Mrs. Sophie Grotefend And Husband

At 7:30 this morning Henry Grotefend, aged 71, 409 North Jefferson street, joined his wife, Mrs. Sophie Grotefend, in death. Mrs. Grotefend died at 4 a. m. Tuesday, and at the time it was feared her husband could not stand the shock of her death.

Mr. Grotefend was born at Hanover, Germany, January 16, 1861, and had lived in New Castle the past 34 years. He was a member of the B. P. O. E. and the I. O. O. F.

He is survived by four sons, Emil H. of Englewood, N. J.; Albert W. of New Kensington, Ernest R. of Salem, O., and Otto R. of New Kensington; a daughter, Helen M., at home; five brothers and five sisters.

A double funeral service will be held Thursday at 2:30 from the residence, 409 North Jefferson street, and will be private. Rev. A. M. Stump, pastor of St. Paul's Lutheran church, and Rev. P. C. Pearson, rector of Trinity Episcopal church, will officiate.

NEW PRESIDENT ASSUMES CHARGE AT WESTMINSTER

(Continued From Page One)

again became dean and head of the department of chemistry.

Enrollment High. Second semester enrollment at Westminster ended yesterday, although late registrations are expected up to and including the first part of next week. Although a number of students were dropped from college because of academic standing, a large number enrolled for the second semester, thus making the second semester registration higher than the first, which found 528 students on the rolls.

Of the new enrollments, some are graduates of mid-year high school classes who entered the freshman class; while others are former Westminster students who could not enroll in the first semester. Three transfer students from other institutions also included.

Plans Receptions. A number of receptions, testimonial dinners and luncheons have already been held for Dr. and Mrs. Galbreath by alumni and friends in the Pittsburgh district. Others are being planned by the college community.

Friday afternoon in the Hillside dormitory for women, Mrs. Galbreath will be honored at a tea given by Mrs. Charles Freeman, Mrs. C. B. Robertson, and Mrs. E. B. Russell.

A reception for Dr. and Mrs. Galbreath is being planned for the early part of March in the Hillside. This formal occasion will give students, faculty members, townswomen, and alumni an opportunity to meet Dr. and Mrs. Galbreath.

Other dinners and testimonial dinners on the part of the local Rotary Club, the Elks Club, Dr. Galbreath has transferred membership from the Pittsburgh club; the churches, and the community will be arranged later.

Opportunity Time. Dr. Galbreath assumes his new duties under the most favorable conditions. He already has the confidence of the faculty, students, alumni, and friends of the college. Enrollment is high, enthusiasm is high, and everything points to unusual success for Westminster's new leader.

An alumnus of the college, class of 1907, a pastor for many years, a chaplain in the World War, and a leader in civic and fraternal work, Dr. Galbreath will bring a rich fund of experience in dealing with people to his new position here.

SANTIAGO, CUBA SUFFERS HEAVY QUAKE DAMAGE

(Continued From Page One)

Swift, including the packing plant of Swift and company, a five and ten cent store, the San Carlos club and the city hospital.

The latter building was demolished completely.

As day broke over the stricken city, a United States naval plane zoomed overhead on a survey flight.

Terror-stricken residents, fearing a recurrence of the disastrous shock, pinned their hopes on speedy rescue work by the United States naval station at Guantanamo bay nearby.

A spokesman at the station said instructions were being awaited from Washington.

Says Ten Killed. WASHINGTON, Feb. 3.—Ten persons were killed and some 200 injured in the severe earthquake that struck Santiago, Cuba, during the night, according to a dispatch to the Navy today from Vice Admiral Arthur Willard, commanding the U. S. naval scouting force at Guantanamo bay, forty miles away.

No Americans were included in the killed or wounded, he reported. Admiral Willard's dispatch was timed 10:30 a. m.

"Following received from officer sent to Santiago by plane: Arrived 9:40 a. m. aboard Yacht Konkora with American consul. Will call on governor of commission. Will call on governor with American consul and let you know in what way scouting force can be of assistance. No American injured. Estimate 10 killed, 200 injured. Consul wishes to deliver a message to Vice Consul Story, who is with Dr. Taber that his family is safe."

A previous message from Willard to the American embassy at Havana said:

"Am organizing immediate relief measures to Santiago, planes and vessels as necessary are enroute with doctors and supplies."

TRINITY MEN AT LEWIS RESIDENCE

Members of the Men's Club of Trinity Episcopal church to the number of forty were most delightfully entertained last evening at the home of Lewis J. Lewis on Glenmore Boulevard. Bridge and five hundred were the diversions of the evening and the prize in bridge went to Gates C. Griffith while that for Five Hundred went to S. D. Pearson.

A brief business session presided over by William Clarke, the president was held during the evening, at which G. W. Beaton, the treasurer, made a report and the president and members of the club expressed their appreciation of the pleasant evening.

Rev. P. C. Pearson announced that Captain Edgar Guerard Hamilton would speak to the ladies of the church and their lady friends on the subject of the Foreign Legion in the near future.

Participation of the men's club and Bible class in the pageant to be held Easter Sunday morning at the Cathedral under the auspices of the Men's Bible Classes of the city and acceptance of the scene to be depicted in the pageant by the men of Trinity church was approved.

At a seasonable hour, dainty refreshments were served by Mrs. Lewis J. Lewis, who had as her aides Mrs. Harry J. Cullford, Mrs. H. P. Mehan and Mrs. Ennis Lewis.

The evening was brought to a delightful close with the entire group singing a number of popular hymns and other songs with Jack Jones as soloist, Dudley Arnold as director and Mrs. Lewis J. Lewis as accompanist.

LOCAL FOLKS GUESTS AT FLORIDA RESORTS

As the winter season swings into the peak month of February, tourists travel into Florida increases, and New Castle's colony of winter visitors has been increased recently by the arrival of a number of residents who will remain through until spring.

Those from this locality at St. Petersburg include R. H. Chambers of 825 Croton avenue, Mr. and Mrs. Reuben Chapman of 1304 West Washington street, Mrs. George D. Christoph, Mrs. W. F. Dufford of 320 East Wallace avenue, Mrs. Catherine Jackson of 407 Lincoln avenue, Jessie Mayne of R. F. D. No. 6, New Castle, and W. D. Walton of R. F. D. 6.

Members of the Bestyette Bridge Club will be entertained by Mrs. Samuel Frank at the home of her mother, Mrs. J. A. McFall on Norwood avenue.

SURPRISE SHOWER HONORS RECENT BRIDE

Mrs. John McConnell, a bride of recent date who will be remembered as Annabelle Vaughan, graced the role of honor Tuesday evening when a group of her friends entertained at a surprise party at the home of Mrs. Hazel Hasson Carson street.

The hours were whiled away with games, chat, dancing and music, and prize winner for the various contests went to Mrs. F. S. Patterson and Dorothy Buxton.

Tempting refreshments were served at the close of the evening by the hostess, assisted by La Verne Hasson. The appointments used were in keeping with the occasion.

At an appropriate time, the guest of honor was showered with a collection of lovely gifts.

Those who participated included Mrs. F. S. Patterson, Dorothy Buxton, Alice Robson, Mrs. Freda Hasson, La Verne Hasson, Clara Mae Baker, and the following out of town guests, Mrs. Freda Brown, Mrs. Sylvia Secrist, Hope Secrist and Jean Martin, the hostess and honor guest.

TUESDAY KENSINGTON HAS LUNCHEON EVENT

A delightful affair took place at the home of Mrs. J. Q. Roberts yesterday afternoon when she entertained members of the Tuesday Kensington. At a beautifully appointed 1 o'clock luncheon in her home on Park avenue.

A delicious luncheon was served at the large dining room table which was attractively decorated in the seasons tones. Tapers, favors and place cards completed the novel arrangement. As aides, the hostess had Mrs. W. H. Williams and Mrs. Daniel Kennedy.

The remaining hours were spent informally with chat and music, bringing another enjoyable afternoon to a close. Plans for the next gathering will be announced in the near future.

Jokers Club Guests

The Jokers Club members were guests Tuesday evening when Miss Margaret O'Connell entertained at a local Inn, marking another of their usual social sessions. Two tables of 500 were in play, and prizes for honors were won by Mrs. Robert Clark and Mrs. Arthur Fulkerson. After play, a dainty lunch was served at tables nicely appointed in the seasons tones. Special guests of the event included Mae Alben and Ann C. Gallagher the latter being the recipient of the guest token.

In two weeks Mrs. Gladys Wendt of the Wilmington road will be club hostess.

B. P. W. JUNIORS MEET IN GREEN ROOM

Members of the Junior Business and Professional Women's Club gathered at the Y. W. C. A. Tuesday evening for their regular business and social session combined. Dinner was served at 6 o'clock in the Green Room, places marking for twenty at tables nicely appointed. At the conclusion of serving, a short initiation service was held, when four new members were admitted into the organization.

Plans were made for a special party event when the club will entertain the graduates of the mid-year class at Senior High school in the Y. W. C. A. parlors, which will take place in two weeks. Adjournment followed.

BREAKFAST FEATURES BUTLER GIRLS MEETING

Mrs. D. C. Bovard and Mrs. William Beighley entertained jointly members of the Butler Girls Club at the home of the former on Winslow avenue Tuesday morning at 11 o'clock breakfast. The guests were seated at a large table beautifully decorated for the occasion where they were served a tasty menu. The hostesses were assisted by Mrs. Bertha Ott.

Following a short business period was conducted and Mrs. Francis Anderson was taken in as a new member.

As a special guest, the club had Mrs. Frank Merrimans of North Girard.

At a suitable time, Mrs. William Beighley was tendered a surprise handkerchief shower, it being her birthday anniversary, an added feature of the occasion.

On February 17 the club will meet in regular session at the home of Mrs. Heaber Anderson on Cunningham avenue.

EDUCATION COMMITTEE MEETS IN Y. W. C. A.

An important and interesting meeting of the Education Committee of the Federation of Women's Clubs was held Tuesday afternoon in the Y. W. C. A. Rooms, with Mrs. Charles Greer presiding.

Splendid reports were heard at this time, and plans were made for the March meeting of the Lawrence County Federation of Women's Clubs which will be held at the George Washington Junior High school. A committee was appointed to look after the scholarships given in Lawrence County, to investigate if they are being properly used; and the Better Speech committee announced they have drills ready for the different clubs to work on. Other reports were also given at this time.

West Side Needlecraft

The regular meeting of the West Side Needlecraft Club was held on Tuesday in the home of Mrs. E. A. Tullis on West Washington street. Games of a wide variety and needlework were forms of pastimes. At the close of the leisure period, the hostess, assisted by her sister, Mrs. Hugh Stewart served a dainty collation. Novel favors in the form of "gunny dog ground hogs" were found at each place, and caused much amusement.

Bingo was also a diversion of the evening and candy hearts were used to good advantage in an original manner, adding to the enjoyment of the affair.

On February 16, Mrs. Emyln Belknap of Albert street will entertain the club.

Reunited Ladies League

Mrs. Charles Strong pleasantly received members of the Reunited Ladies League in her home at 21 West North street Tuesday evening, for a social and business session. Matters of interest were discussed during the early hours, and following, the guests enjoyed a period of sociability spent informally with bingo. Prize winners in this feature were Mrs. Mary Skidmore, Mrs. Anna Williams and Mrs. Eva Reynolds.

Toward the close of the evening, Mrs. Strong assisted by her daughters, Miss Nina and Mrs. Stella Fiddell served a dainty collation. A dainty color scheme of pink and white was used effectively in the menu and table appointments.

They later adjourned, agreeing to meet in one week with Mrs. Reynolds on Raymond street.

DINNER AND ELECTION MARK TUESDAY EVENT

Members of the S. of D. Girls of the Central Presbyterian church had their annual dinner and election of officers Tuesday evening in the church dining room.

Mrs. Sylvia Heath and Mrs. Florence Cartwright were in charge of arrangements and they had the tables prettily decorated in valentine suggestions for the event.

Concluding dinner the missionary meeting was held, with Mrs. Cartwright reading a letter from an Indian Girl in one of the schools supported by the society and she also displayed a number of Indian articles, as she told of the work among them. Mrs. Theodore Aiken reviewed the national topic and Mrs. Oscar Rhodes the foreign.

An election of officers was held and Mrs. Florence Cartwright was chosen president; Mrs. Marie Stillwagon, vice president; Mrs. Sylvia Sturtevant, secretary; Mrs. Laura Slack, treasurer; Mrs. Esther Decker, flower secretary and Mrs. Dorothy Gaston, stewardship secretary. March 1 will mark the date of the next meeting.

CLASS HONORS MEMBER AT SURPRISE SHOWER

As a courtesy to Miss Ruth Maybray who leaves Sunday for Buffalo, N. Y., to enter the Buffalo General Hospital for nurses training, Miss Elsie Beals entertained associates of the E. W. W. Class of the First United Presbyterian church in her home on Moody avenue Tuesday evening, at a surprise handkerchief shower.

While the occasion proved a gay one, a tinge of sadness hovered about too, enfolded in the thought of losing a faithful member of their class. After a period of games and music, the hostess, assisted by her mother, Mrs. Roy Beals, served a dainty collation. Pastel tones were used in the appointments.

Preceding the entertainment, a business session was called and election of the following officers occurred; president, Elsie Beals; vice-president, Rebecca Louden; secretary, Virginia Schenck; treasurer, Elsie Grider. Sick committee includes Alice Ebeling and Margaret Jenkins, and the decoration committee comprises Agnes Keane and Ruth McBride.

Plans were made for a spaghetti dinner to be held Friday, February 12, in the church when each member of the class will bring a special guest.

Before departing at a late hour, the guest of honor was given a collection of many dainty handkerchiefs in memento of the affair, and was showered with every good wish for success in her chosen profession.

PATRONESSES GIVE DINNER TO CIRCLE

A pretty evening of Tuesday evening was the annual dinner of the Patronesses of the First Presbyterian church when the patronesses of the circle, Mrs. James Meade, Mrs. S. F. Meyers, Mrs. H. E. Golder, Mrs. David Ritchie and Mrs. Mont Magill aided the hostess, Mrs. W. C. Kennedy, when she entertained in her home.

After a delicious menu had been served tables effectively decorated in red and white, with favors suggested in Valentine day, a business session was called and an election of officers were held.

Mrs. Katherine Dufford was named president; Georgianna McNees, vice president; Naomi Raney recording secretary; Martha Magill, corresponding secretary; Esther Fisher, treasurer; Mrs. Martha Margard, assistant; Irene Maple, Mrs. Naomi Searns and Mrs. Henrietta Fitzgerald, auditors and Sarah Meyers, secretary of literature.

March 1 will mark the date of the next meeting.

A. B. D. Girls

Mrs. Robert Garland, Edgewood avenue, received the members of the A. B. D. Girls in her home on Tuesday evening, with Mrs. James Foster, Mrs. Welty Rugh and Mrs. Wm. Toner as associate hostesses.

Mrs. William Reed was a special guest and she gave a most informal talk on the disarmament conference in France and hit on side lights of her trip to Germany.

Dainty refreshments were served at the close of the evening.

M. L. C. Dinner-Bridge

Members of the M. L. C. Dinner-Bridge Club were guests on Tuesday evening at the home of Mr. and Mrs. George W. Conway of Englewood avenue. After serving of the dinner course, the remainder of the evening was spent with three tables of bridge.

Tigers Auxiliary Club

On Monday evening the Tigers Auxiliary Club members met in their club room. Two new members were admitted, Mrs. H. A. Fazzone and Miss Margaret Bordonaro. After the business session, chat and cards were forms of entertainment.

At the close of the evening, lunch was served by the White Social team and joint hostesses, namely, Mrs. Vinnie Bullano, captain, Mary Biondi, Mrs. James Campello, Mrs. T. C. Richards, Mrs. Edna Richards and Marguerite Richards.

The next meeting will be held March 7 with Mrs. E. Scarazzo captain of the Red Social team as hostess.

Barnes-Russler

Announcement is made of the marriage of Myrtle Jordan Barnes to Oscar P. Russler, which was an event of Saturday, January 30. The ceremony was performed at the home of Rev. C. M. Rohrbaugh, pastor of the Rich Hill Presbyterian church. Both Mr. and Mrs. Russler are well known in this vicinity, the former having been affiliated with the Johnson Bronze Company here for a number of years.

Those in attendance were Miss Frances Barnes, Arthur Jordan, Mr. and Mrs. Boyd Russler and Kathryn Russler.

After a short wedding trip, the couple will take up their residence at 426 Hillcrest avenue, this city.

Rinehart-Cruther Marriage

Many friends in this city will be interested in learning of the marriage news of Miss Elizabeth Rinehart, daughter of Mr. and Mrs. L. A. Rinehart of Moravia Stop to Walter Cruther, son of Mr. and Mrs. David Cruther of Ellwood City.

The ceremony was performed at Beaver, Pa., on November 16.

Both Mr. and Mrs. Cruther are well and favorably known in this vicinity. They will reside at the home of the bride's parents here.

N. H. B. KENSINGTON ENTERTAINS TUESDAY

Members of the N. H. B. Kensington were entertained Tuesday afternoon at the home of Mrs. T. C. Post, Delaware avenue. The usual business routine was carried out and the Mesdames Johnston and Dickson were admitted into the organization as new members.

The following hours were spent informally with fancywork, chat and music.

On Wednesday, February 17, the members will meet with Mrs. R. L. Hildebrand on Delaware avenue.

VETS AUXILIARY TO MEET THURSDAY

Reports of the Tri-County Council meeting held in Butler last Friday evening will be made at the meeting of the Harry L. McBride Auxiliary on Thursday evening in the Legion Home Association building.

Delegates will be elected at this time to the Tri-County Council meeting on Friday evening, February 26, when the New Castle Auxiliary will be host to the visiting auxiliaries from Butler and Mercer counties.

A committee will also be named for a joint Washington party to be held in conjunction with the Tri-County Council meeting.

There were 16 from the New Castle Auxiliary in attendance at the last Tri-County Council meeting.

Several other matters of importance will come up for discussion at the coming meeting and a good attendance of the membership is looked forward to by President Evelyn Woods.

HERSHEY AUXILIARY SEWS AT HOSPITAL

This morning, members of the Hershey Auxiliary of the First Presbyterian church and other women of the city interested in the work of the Jameson Memorial hospital, the gift of the late David Jameson, numbering approximately 30 gathered at the institution and completed a large collection of items. Sewing was in order from 9 until 12 o'clock, and at the close of the session, those present were greatly pleased with the progress made.

On Wednesday morning of the coming week, the same hours will again be observed when the Auxiliary associates will meet and repeat this splendid work. A cordial invitation is extended to all women in the city to attend and assist. It is hoped a large number will respond.

SERVICE STAR HAS ANNIVERSARY DINNER

Ten years ago, after the World War, a group of women, whose sons fathers of brothers had taken part in this event, banded themselves together as the Service Star Legion, and Tuesday evening the anniversary of the event was fittingly observed with a tureen dinner in the home of Mrs. Nellie Johnston, Laurel Boulevard.

Charter members of the organization made short talks during the serving of a delicious menu, and a past president's jewel was presented the retiring president, Mrs. Maude Nolan. Mrs. Evelyn Woods, president of the V. F. W. auxiliary was a guest and gave a short talk.

The history of the organization was read by Mrs. Belle Whitman. After dinner and program were concluded hokum and cards were most pleasing diversions.

Tuesday, February 16, the Legion will meet at the home of Mrs. Sarah Thomas, 1020 Maryland avenue with Mrs. Hatie Nowling associate hostess and a birthday party will feature the evening.

EARNST WORKERS GUILD HAS PARTY

On Tuesday evening a most delightful event took place when Mrs. Ves Rice and Miss Mary Clark entertained jointly in the home of the latter on Huron avenue, members of the Earnst Workers Guild of Trinity Episcopal church at a special party.

After a brief business meeting, small tables were put in place and contests of various kinds were enjoyed during the early hours. At the close of the entertainment novel prizes were awarded to Mrs. D. Copson, Florence Williams and Queenie Beck. Toward mid-night the tables were re-arranged and decorated in gay tones, where a delicious lunch was served. The hostesses were assisted by Mrs. Clarke.

A special feature was the rendering of solos by Mrs. Copson and Miss Clark. The former sang 'The Rosary' in French which was well received. Piano solos were played by Nellie Ingram and Hilda Henderson.

A special guest of the evening was Mrs. Ben Clark.

W. M. L. H. Club

The home of Miss Freda Ungar on Sampson street was the scene of a delightful gathering on Tuesday evening when she entertained members of the W. M. L. H. Club at a spaghetti dinner. After all had arrived, they were given their places about a large table which was nicely decorated for the occasion, where they were served an appetizing menu, at 7 o'clock. As a special guest the members had Misses Freda Hitch and Grace Ueber.

After the feature, cards, music and chat were in order. Prizes for the contests indulged in went to Mrs. Joe McCaskey, Jr., and Miss Hilda Mackey.

During the business period, plans were made for a Valentine party. The exact date and place will be announced later.

In two weeks Mrs. Carl Boughton of Ray street will receive the club in her home.

G. A. R. Ladies

A number of members of the Ladies of the G. A. R. assembled in the City building Tuesday morning and spent the time in working on a beautiful quilt.

At noon a delicious dinner was served by Mrs. Minnie Mayers and Mrs. Alice Jackson and during the afternoon a business meeting was called by the president, Mrs. Martha Locke.

Routine matters were discussed and plans made for the anniversary dinner of the organization, which will be Tuesday, February 23.

Tuesday, February 9, the women will meet at 9:30 to sew.

Jewish Ladies Relief

Members of the Jewish Ladies Relief Society met at the home of Mrs. A. Katz, Reynolds street, Tuesday evening for the monthly business and social event.

After discussing problems of interest to the members a social time was enjoyed and refreshments were served by the hostess and her aides: Mrs. T. Alpern, Mrs. C. Pittler, Mrs. M. Lerner, Mrs. J. Shapo and Mrs. J. Ginsberg.

Mrs. S. Wolfe, 7 West Long avenue, will be hostess to the members on March 1.

Valentine Party

A special social event being sponsored by the Business and Professional Women's club of New Castle will be a Valentine party on Friday evening at the Newman and Emery rooms, Mill and Washington streets. Cards will be the chief diversions of the evening.

Ever Glad Club

An enjoyable meeting of the Ever Glad Club was held Tuesday evening in the home of Mrs. Carl Staebler on Edison avenue. Tables of 500 occupied the guests attention, and at the conclusion of play, Mrs. George Gunnet was presented with the prize for winning high honors.

At a late hour, a delicious luncheon was served by the hostess, assisted by Mrs. Orville Potter. This marked the closing feature, and in two weeks Mrs. David Cox of Butler avenue will entertain in her home.

Drive Group Dines

A group of six stenographers and office secretaries who gave full-time and part-time service to the clerical division of the Jameson Memorial hospital drive, which closed Monday, enjoyed a dinner and the late party last night.

A TIME FOR SELFISHNESS

BUYING at home by the government is being stimulated by President Hoover, who, among other things, is advocating legislative authority for the exercise of a wider discretion by department heads in giving preference to American products in the purchase of government supplies and equipment.

Under existing practice government contracts must be awarded to the lowest responsible bidder, except that the war and navy departments have been enabled during the current fiscal year to favor home producers where it does not incur unreasonable expense. President Hoover wants congress to give all departments the same latitude as a means of stimulating American production and manufacture.

As long as American factories are closed and American workers idle it is to the selfish interest of all Americans to buy at home. They benefit from buying American goods and from their own communities where possible. Money spent away from home travels a long way before it comes back, and at the best, only a fraction of it returns.

There is opportunity for a nicer balancing of the interest of the taxpayer in getting the best available bargains and his interest in getting the wheels of commerce to turning in the place of his residence, to the end that buying power may be increased, really values restored and taxables raised in status as municipal assets. It is a nearsighted policy which saves a few pennies on a low foreign bid when the contract takes thousands, even millions, out of the community or country.

THE LOSS OF THE SUBMARINE

The sudden dive of the British submarine M-2 off the British coast and the loss of 60 men aboard, shocks the world. Hampered by the numberless wrecks lying on the bottom in the vicinity of the lost submarine, rescue ships were unable to make contact. In spite of the various safety devices that this ship was equipped with, nothing was seen or heard from the entombed crew. The horror of the sinking of our own S-4 off the New England coast is still fresh in our minds. The slow death of all on board horrified the nation. In that case the accident was due to collision. The sinking of the M-2 is still a mystery. It was the most modern submarine in the world and the only one to carry an aeroplane. The M-2 began her life as the K-19. The K class of submarine have had an unlucky history. The K-1, K-4, and K-17 were sunk in war time collisions. The K-13 sank in another accident and the K-5 sank in the channel with the loss of 57 men. The M-1, sister ship of the M-2 went down with the loss of 69 lives. A strange fate seems to be following the ships of the M-2's class.

SIGNIFICANCE OF RAIL WAGE CUT

A gratifying feature of the railroad unions' acceptance of a ten per cent wage deduction for one year now in effect was the comparative promptness with which the compromise was reached. The negotiations might have been protracted for months. Often in labor troubles when one side or the other realizes that certain concessions must prevail, a strategic play for time ensues and the final compromise is effected only at the last moment. Such a spirit of diplomacy was entirely absent from the proceedings which have now come to an agreeable climax.

The sacrifice was also achieved without the offices of a federal mediator. The coercive arm of the government which forced the Adamson act down the throats of the railroads in 1916 was a forerunner of national administration of the carriers during the war, and the hand of even the United States Supreme Court was hurried for a decision in favor of the constitutionality of the law on the eve of a threatened strike early in 1917. There were, of course, compensatory gains in these exchanges. The earnings of the roads were guaranteed at a critical moment. But they were sharp bargains and the emergency was their excuse. In the present crisis we have escaped the drastic treatment of fifteen years ago. By voluntary action the forces of labor and capital have joined in a new conception of "collective bargaining" with less travail than ever marked any previous difficulty of corresponding magnitude.

The outcome should do much to spur the movement for returning business confidence. The railroad saving, plus the revenue from certain increased freight rates, is expected to relieve a financial pressure which has needed this kind of lubricant. The agreement ought soon to result in an expansion of employment and a widening of the buying power. The unions have given the country a heroic example whose lesson of co-operation might well be studied. President Green of the American Federation denies the wage cut will bring prosperity. He contends that the causes of depression lie deeper. But the truth is that the plight of the railroads arises from a complexity of events. The temporary wage decrease is an experiment to discover how far the labor cost enters into present difficulties. Other causes are not ignored. In fact, they may now receive added attention from the public. Competition of motor transport is the next problem for which a solution must be sought.—Philadelphia Inquirer.

FINDING JOBS IN COLUMBUS

The women of Columbus have organized to put into effect a plan for meeting the unemployment situation, their thought being that a dollar paid for labor is better than the same amount given as charity. A house-to-house canvass is to be made for pledges of householders to give work for an hour or more to skilled or unskilled persons out of employment. The canvass will be made entirely by women under direction of the leader of the Community Fund workers in residential districts whose success in raising a large part of the fund promises a generous response to the new movement.

These women believe that there are hundreds of hours of labor in the home districts which would go far toward relieving distress. All that is necessary, they figure, is to bring to householders' attention the opportunity to get odd jobs done and at the same time aid in a worthy cause.

While the canvass will be made to get promises of work it will not be without promise in return, for competent workmen will be assigned to home jobs which otherwise would be put off and perhaps neglected altogether.

The Columbus women know from their own experience that there are many odd jobs about homes which are left undone because there is no one to do them. Their plan to put an employment agency to work in the residential districts deserves the co-operation of home owners who will be doubly satisfied with their generous responses to the canvassers.

Let's see! What is Mr. Dawes' title today?

The mystery of the age is how they won bridge games before the systems were invented.

The Poor Old Devil
He's Unhappy
He's Out of Date These Days

By MARSHALL MASLIN
I had a nice long talk with the Devil. I just happened to meet him. We were both running for a street car and I stumbled against him and apologized and then he paid my fare and we got to talking together like old friends.

But I wouldn't have known he was the Devil if he hadn't told me himself—even though we'd met before. He looked like anybody else, almost—only wiser. He had laugh wrinkles around his eyes, he had a sad look around his mouth, he didn't have any mustache or beard, and I wouldn't say that he looked very happy, either.

I asked him about that, after we had talked for a while. I said, "How does it happen, Devil, that you don't look happy? Aren't you a success?"

He smiled wisely, as one who has seen better days, and replied, "People seem to think I am, but the truth is that I'm not nearly as much of a success as I used to be. I'm getting to be old fashioned."

"I used to be a great tempter. But I seem to have lost my technique. Tempting people was a simple matter in the old days. I appeared in flame and smoke and offered men and women jewels and castles and their hearts' desires, and thus I bought their immortal souls. But whenever I try that now, they laugh at me. And you can imagine how humiliating it is for me, the Devil, to be laughed at."

I met a young fellow the other day who insisted he didn't have any immortal soul. We had quite an argument about that—and he sneered at me and called me an old fogey. "And I met a young woman and tried to make a deal for her heart's desire, but she told me she really didn't know WHAT her heart's desire was—but she'd give me a ring if she ever did decide."

"Then, too, I encounter so many people who have no use for me at all. They are their own devils. I look at one and think, 'There's a happy lad!' And when I talk to him I discover that HE thinks he's miserable. Or I meet a sad young woman and learn that she's happy being sad and would be quite unhappy if she thought she was contented."

"These human beings of today can think up so many complicated ways of de-viling themselves that they don't need an old-fashioned devil like me."

I got off at the next corner and tried to forget the poor fellow.

But I haven't been able to forget him. His mournful eyes followed me everywhere, begging for comfort and for understanding.

And at last I've decided that even the devil is his own devil and that the reason he's so miserable is that he's so sorry for himself. He's just like all the rest of us.

ANANIAS

A misdemeanor case was on trial before Justice of the Peace and jury. After much thoughtful consideration, the learned Justice read to the jury the following instructions requested by the defendant's counsel.

"Gentlemen of the Jury: You have no right to assume that the testimony of the complaining witness given in this case is true from the mere fact that he was not stricken dumb while testifying upon the witness stand, as the day of miracles has long since passed."

The defendant was promptly acquitted. The complaining witness, however, feeling bitterly aggrieved, asked the foreman of the jury how the verdict was reached, in the face of the convincing evidence of the defendant's guilt. The foreman, being off a superior kind of juryman and also having read his Bible, replied: "What else could we do under the Judge's instructions?" He made it plain enough that the day of miracles had not long since passed, he would have expected to see you stricken dumb before you finished your testimony."

We have heard some talk of eliminating that grand old hymn "Rock of Ages" from the hymn books. That son has made many a hardened sinner blubber and it is easy for those who cannot sing to get away with it. There are hundreds of hymns in the book no one can sing that can be eliminated better.

PROCESSION OF PRESIDENTS

Bronze statues of all the presidents of the United States formed in "an avenue of presidents" and which could be made into a permanent national memorial, has been suggested to President Rufus C. Dawes of the World's Fair, as one of the artistic features of Chicago's Century of Progress (1933 World's Fair) exposition.

The suggestion was made by Robert J. Thompson of Paris, France, projector and designer of the Lafayette memorial, which was one of the big features of the Paris exposition in 1900.

S-E-C-RACKING A PROFESSION Yes, we know there are a lot of professional safe-crackers that are wanted by the police, but there is at least one who has great demand for his services, and makes an honest living that way. Honestly! Robert Murray lives in New York. He was originally an expert mechanic and later became identified with a safe agency. It was at this time that he developed his "touch" which he later put to practical use.

In the past fifteen years he has opened approximately 15,000 safes, and in only a few cases has he had to resort to tools. His services are in demand three or four times a day

in New York City, and he is called to all parts of the country on special jobs. One time he worked thirty-six hours with a two-hour rest period on one safe before he got it opened, but usually it is "duck's soup" for him.

THE BETTER WAY

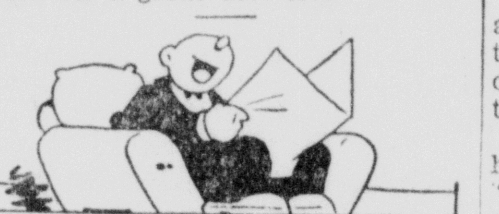

It is better to lose with a conscience clean than to win with a trick unfair; it is better to fail and to know you've been whatever the prize was, square, than to claim the joy of a far-off goal and the cheers of the standers by and to know down deep in your innermost soul, a cheat you must live and die.

Who wins by trick may take the prize and at first he may think it sweet, but many a day in the future lies, when he'll wish he had met defeat. For the man who lost shall be glad at heart, and walk with the victors, while his conqueror knows he must play the part of a cheat and a living lie.

The prize seems fair when the fight is on, but save it is truly won, you will hate the thing when the crowds are gone, for its stands for a false deed done. And it's better you never should reach your goal than ever succeed to buy at the price of knowing, down in your soul, that your glory is all a lie.—Ex.

EXTRAVAGANCE

The Rev. William Norman Guthrie, whose "prismatic sermons" are the talk of New York, inveighed at a dinner party against the extravagance of the rich.

"In times like these," he said, "the extravagance of Upper Fifth avenue is really appalling. 'But Upper Fifth Avenue is so very, very opulent,' said a Philadelphia matron. 'Why shouldn't you be extravagant when your income is two or three million dollars a year?' MAKING GOOD

The New York Mirror tells the following story: At Dinty Moore's the other night this one made them laugh loud. It deals with a fearless Italian, imported from the old country by Chicago gangsters to do the actual job of killing people.

They set him up in the fruit stand business, which was a "blind." At nights they paid him \$200 to kill enemies. He always demanded and received the \$200 in advance.

The other night he got his \$200 and the "mob" pointed out a chap they wanted murdered. He proceeded with the job. Then he went to sleep.

A few hours later they aroused him. "You dope," they growled, "you knocked off the wrong guy and we paid you the \$200."

"So aw right," he indifferently replied, as he stifled a yawn "Da next one is on me."

A few days ago we were in Klee's barber shop. Bill Marquis was telling about a wonderful coat he had. He went and got it and brought it right into the shop. Observers Doubts That Japan Can Conquer Chinese People

Question Raised As To Success Of Japanese Armed Force

In Overcoming Economic As Well As Military Resistance Of Great Mass Of Chinese

Despite the preponderant show of strength by Japan in its military activities in Manchuria and China, especially in Shanghai, many Americans express doubt that Japan can conquer the hundreds of millions of people in the Chinese republic, with the existing economic boycott by China seen by observers as a weapon on a par with the Japanese military machine. A further factor in the settlement of the difficulties is recognized in the denunciation by world opinion of the defiance by Japan of a universal sentiment for peace and of her international agreements. Grave possibilities of a conflict involving more than the Orient are held to exist in the situation, with opinion divided as to the proper course for the United States and other nations to pursue.

"Japan's armies and guns are not enough. She can't shoot people into buying her goods," declares the HOUSTON CHRONICLE, commenting further that "if Japan comes out of this conflict, if she goes into it, a great modern power, many an experienced observer will be surprised." THE CINCINNATI TIMES-STAR points out: "The Japanese military machine it admittedly irresistible in the Orient, but in colliding with the economic boycott of a people like the Chinese, it would seem to have met the immovable body." THE DES MOINES TRIBUNE raises the question as to "how the spontaneous \$400 million Chinese to buy Japanese goods can be prevented."

Potential power in China is seen by the CHARLESTON (S. C.) EVENING POST, which predicts that "some day the Chinese will come out of their chaos and present a national front, and against that the Japanese will beat in vain," though "that is a long way off."

Recognizing in Japan an eastern nation which is "using western modes of warfare," the PROVIDENCE JOURNAL adds: "Thus we see in the two countries of Asia, 20th century instruments of enforcing national will set up against the efficacy of population hostilities whose outcome or inefficiency remains thus far in fascinating doubt."

While, officially, the blame has not been placed nor the matter of which nation is the aggressor settled, the tendency of the country is to indict Japan for its actions. Among the newspapers taking this stand is the ALBANY KNICKERBOCKER PRESS, which believes that "it bodes ill for Japan, moving in with the insolence of a conqueror, for it is certain that the major powers will not tolerate this attitude indefinitely." THE ROCKFORD REGISTER-REPUBLIC asserts that "any nation that sets itself above all treaties, agreements, rights and international laws is riding for a fall," and the SIOUX CITY JOURNAL feels that Tokio "is inviting and may provoke action by the powers leading to a rupture of both trade and diplomatic relations." THE JERSEY CITY JOURNAL advises that while "the United States will not go to war with Japan about China," the former country "has something valuable in the United States which it is at present jeopardizing recklessly—the good opinion of Americans who have come to think of Japan as the most civilized country of the Orient."

Japan's assertion of changed conditions since ratification of the Washington treaty, as a vindication of its violation of its terms, "is not impressive" in the opinion of the OAKLAND TRIBUNE, which holds that "an assertion of an intention to make treaty interpretation decisions on the basis of affairs in China demands scrutiny."

In expressing its judgment of the actions of Japan, the CHICAGO DAILY TRIBUNE points to the present situation as an argument against further disarmament. That paper states: "She knows that with the consent of Europe and the United States on the verge of bankruptcy her hands are free as they have never been at any time since her entrance into world politics, and while we are sending a solemn delegation and committee of pacifist ladies to Europe on the wild roose chase of disarmament, she goes her way. Her navy is rapidly overtaking our own, and while congress prepares to cut our little army down she perfects and employs one of the strongest in the world." THE BALTIMORE SUN condemns Japan's willingness to profit by the general preoccupation of the western world with economic problems and the MORCANTOWN DOMINION NEWS is convinced that under different conditions, "strong representations would have gone forth long before this."

As to what course the events will take, there is a diversity of opinions, though many see the situation as a breeder of another great war. The NEW YORK HERALD TRIBUNE sounds a keynote in its statement: "It is the trouble with force that you cannot tell where it will lead you." THE LEXINGTON LEADER asserts that "there are threats of Japanese action which may precipitate serious trouble of an international character," and the ROCKFORD WORLD-NEWS holds that "if the combat is joined, there is a potential conflagration in the background, the seriousness of which cannot be concealed." THE OMAHA WORLD-HERALD advises that, "of course, the matter isn't ended," and predicts "revolts, uprisings, bloodshed and a dark future in the Far East."

The CHARLOTTE OBSERVER states that "the world's trouble with Japan is just beginning," and gives the warning: "Having gotten away with the conquest of Manchuria under the pretext of suppressing bandits, if she succeeds in her purpose

to bring China to its knees, Japan will not wait long before she will feel equal to the task of grabbing by force any other land she covets." The OGDEN STANDARD-EXAMINER takes the extreme view: "Before the Japanese finish with them, the Chinese will be deprived of their independence as a nation, and will be made vassals, answering to the mandates of Tokio."

Taking a more favorable position, the HAMILTON (ONT.) SPECTATOR observes as to chaotic conditions in China: "Certainly those intolerable conditions bear out the Japanese contention that it is absolutely essential that some semblance of order be restored to the country. But the powers decidedly will not countenance any war of conquest, in the process of safe-

FINANCE AND FELLOW MEN

You have not been able to lay aside much for the "rainy days" to come.

But that is not so important as to be able to face future years with an untroubled conscience.

You would find little enjoyment in any financial gains made because of unfair dealing or taking advantage of those unable to fight you or to protect themselves.

Even if you have little money you are fortunate if you have no regrets over your treatment of your fellow men.

You know some who have been heartless with the unfortunate.

Under the guise of business you know men who have taken unfair advantage of others and sometimes you wonder if you were not foolish in failing to fortify yourself financially, irrespective of your victims.

But right now you would be willing to give up your peace of mind for any amount of money gained wrongfully?

However, if you are in straightened circumstances do not make the mistake of thinking that all men who are wealthy are dishonest.

Many well-to-do men of today have gained their money in perfectly lawful, honest ways and far from being unkind, are constantly doing good in a material sense among those less fortunate.

DESPONDENT MAN LEAPS TO DEATH

YOUNGSTOWN, O., Feb. 3.—Despondent because of ill health and two years of unemployment, Charles Wayne, 57, father of 10 children, plunged into the Mahoning river and permitted himself to drown after swimming for several hundred yards. While hundreds of workers passed by and from, Wayne carefully folded his coat and laid it on the Spring common bridge, then jumped into the water. After dodging several small islands Wayne sank. His body lodged against debris under the Market street bridge where firemen recovered it.

WIFE SLAYER IS SENT TO HOSPITAL

WARREN, O., Feb. 3.—Arch F. Knisely, slayer of his wife, today was ordered sent to the Lima State Hospital for the Criminal Insane. Judge Lynn B. Griffith said Knisely would be kept under observation for 30 days and if found sane at the end of that time would be returned here to stand trial on a first degree murder charge.

Knisely, prominent Warren business and clubman, shot his wife to death in a downtown building last month. Two court alienists reported he was insane.

In Religious And Fraternal Circles

Macedonian Circle

Members of the Macedonian Circle of the Second United Presbyterian church were entertained Tuesday evening in the home of the Misses Aiken, East street, with Group One in charge of the program.

Mrs. Robert Garroway is leader of the group and she presented the various missionary numbers. Splendid talks were given by the members, impersonating workers on the different mission fields: Mrs. A. J. Randless was an American Indian; Mrs. Luella Brownlee, an Egyptian; Anna Aiken, a Freedman.

Mrs. William Strimater and Miss Minnie Jackson gave splendid missionary talks.

Mrs. Luella Brownlee was elected president, and Miss Mary Aiken secretary.

March 1 the circle will meet at the home of Mrs. Robert Garroway, North Mercer street.

Missionary Meeting

The Kate A. Hill Missionary society of the Second United Presbyterian church met Monday at the home of Martha Hanna, Ray street, with Mrs. Alex Hanna in charge of the Mission Study class.

Miss Marie Tait, of Mercer, a missionary returned from Egypt, was the speaker of the evening and she told most interestingly of the villages in Egypt and displayed a number of articles which had been made by the Egyptians. At the close of her talk she was presented with a gift from the members.

Miss Francis Craig, president, was in charge of the business session and reports were made by the various committee chairmen and officers.

Refreshments were served by the hostess, assisted by Mrs. Wallace McKee and Martha Reineker.

March 7, Miss Agnes Wagner, Oak street, will be hostess to the society.

Action by other nations is discussed. The BIRMINGHAM AGE-HERALD recognizes that "the United States alone has been at all definite in its objections to the Japanese course in Manchuria," and the BOSTON TRANSCRIPT points out that "we have not been silent spectators."

The COLUMBUS OHIO STATE JOURNAL, however, is convinced that "formal protests have availed and will avail the world nothing."

As to the extent of the participation of the United States in the settlement of the affair, the PHILADELPHIA BULLETIN advises that "there is no occasion, at the present time, nor in the near prospect, to talk of war or to consider the probability of the United States becoming involved to such an extent."

The RUTLAND HERALD voices the general hope of the country. Pointing out that while "it looks as though Japan would proceed to her objective without interruption unless some stronger power than the League of Nations prevents." The Herald states: "We hope that power will not be the United States."

Fire Police Of City Banquet Tuesday Night

Hear Interesting Addresses By Senator Weingartner And Representative Richards

One of the most delightful annual gatherings in the history of the New Castle Volunteer Fire Police was the banquet and social evening held Tuesday evening, in the dining room of the Croton Methodist Episcopal church. Rev. Clifford S. Joshiac, pastor of the church, acted as toastmaster and he with State Senator George T. Weingartner and Assemblyman Barton E. Richards delivered the very interesting addresses of the evening.

An excellent turkey dinner with trimmings was served shortly before seven o'clock, being preceded by the singing of "Praise God From Whom All Blessings Flow" by those participating and the blessing pronounced by Rev. Joshiac.

The dinner over, T. C. Armstrong, chairman of the affair, made a few preliminary remarks after which he introduced Rev. Joshiac as toastmaster of the evening. The first act of the toastmaster was to call upon the group to sing "There's a Long, Long Trail."

He then called upon Barton E. Richards, assemblyman from the New Castle district, to speak generally on things of interest at Harrisburg.

A selection on the guitar followed with W. J. McCormick as the musician. State Senator George T. Weingartner was then called upon.

Senator Weingartner spoke at some length of the things that have been accomplished in Lawrence county in the past seven years, particularly in the matter of improved roads.

Rev. C. S. Joshiac was the concluding speaker and his remarks were in the nature of a plea for more "volunteers" in the interest of the Christian Religion, calling attention to the chaos that would prevail, if there was no Christian Religion. He also stated that the times called for loyal support of both the church and state.

During the evening delightful musical numbers were rendered by Walter J. McCormick on the guitar

and Miss Margaret Gillespie on the Hawaiian steel guitar.

The splendid dinner was served by a group of the members of the Ladies' Aid of the church consisting of Mrs. Jessie Nolan, chailady, Mrs. T. C. Armstrong, Mrs. E. A. Cook, Mrs. E. E. Blaine, Mrs. Ida White, Mrs. Bert Smith and Mrs. John Scott. The dining room and tables were tastefully decorated with the national colors.

Committee of the New Castle Volunteer Fire Police in charge of the successful event consisted of T. C. Armstrong, chairman, Hugh Shields, Russell Melvin, H. J. Scott and W. J. Ellison.

Those present at the event were Bart Richards, George T. Weingartner, Rev. Clifford S. Joshiac, T. C. Armstrong, Russell C. Melvin, Geo. A. Bechtel, Hugh Shields, J. Ed Elder, H. J. Scott, George W. Wyman, Eden D. Perot, James Casey, J. S. Young, C. Ed. Brown, L. C. Mathews, G. W. Richard, C. J. Baker, A. C. Johnston, P. K. Bell, W. J. Ellison.

Enrollment Big At High School

Second Semester Enrollment At High School Is 1914 Students

Never in the history of the senior high school have there been as many students in school as there are at the present time. Principal F. L. Orth stated this morning. The attendance record shows that 1914 students are in school today.

Essay Contest Sponsored By Credit Bureau

Students In New Castle Schools To Tell Advantage Of Paying Bills Promptly

Plans will be inaugurated at a meeting Thursday morning for an essay contest to be held in the schools of the city on the subject of "The Advantages of Paying Your Bill Promptly." The contest will be sponsored by the New Castle Credit Exchange.

It is expected to have the contest start around the middle of the month, and the details will be worked out regarding who will compete.

how long the contest will last, etc. Dr. C. C. Green, superintendent of schools; Carl Paisley and Ray F. Hall will be the committee in charge of the arrangements and competent judges will be secured to select the winners.

Already a number of valuable prizes have been offered by merchants of the city, to be distributed among the winners.

Further announcement of the details of the contest will be made, following the meeting tomorrow. The subject is a most timely one, and will show the children coming up in the schools the advantage to be gained by establishing a good credit account and acquiring a reputation for meeting one's obligations as they fall due.

We suppose when the railroads and banks come to Gen. Dawes for relief now they will begin: "We don't want a dole; all we ask for is a chance to work."—The Topeka Daily Capital.

STROUSS-HIRSHBERG'S

The Parent Problem

by GARRY C. MYERS, Ph.D.

Worries Of Adolescents Not Known To Adults, According To Dr. Myers

Approval Of His Set Cherished Above Everything Else
By High School Student, Avers Psychologist

By GARRY C. MYERS, PH. D.
Head Division Parental Education,
Cleveland College, Western
Reserve University

You and I are wont to think that only grown-ups have worries. We little realize how many worries our adolescent children have. But they do have many worries which we know not of. Worries known to no other souls but to themselves. Blessed is the parent or teacher who inspires such confidence in the adolescent as to make him ready to unload any of his trouble.

If, however, the average adolescent were to tell us parents or teachers of the things which trouble him most he probably would not be understood; he does not risk telling us; he thinks he knows that we would smile or laugh at him, and would take the attitude that he should not be so foolish.

Nevertheless, to him it is not a matter of being foolish or not being foolish; it is just a matter of being. The things which worry him do worry him, no matter what we adults think about the matter, or how we act toward him.

As I wrote in "The High School Teacher" for November: "The thing of most concern by the average adolescent is approval by his set, perhaps by one or two of his age whose approval he cherishes above everything else in the world. Of their disapproval he is in great dread. He imagines what they might think of him or say about him; he wonders whether he will be laughed at or respected, whether he will be snubbed or accepted as a worthy fellow."

"There may be tremendous anxiety connected with the boy's first shave which he may take clandestinely. A copious crop of whiskers suggest manliness to him. Said a

boy of 18 to another of 16: 'Green, I wish I had whiskers like yours.' The changing voice of the lad in early adolescence may cut up all sorts of capers always reminding him, when it does so, that he suddenly has become different. Unless his voice deepens early he will have dread of being thought a sissy. We can help him by encouraging him to pitch his voice low.

"The average boy in his teens decides to prove his masculinity, and lives in great dread that any person's trait might reveal the slightest doubt."

"Some boys and girls in the early teens have grown so fast as to have constant reminders of their person. Shoes which were comfortable yesterday pinch today, and when new ones are purchased that are comfortable they appear to be hideously large. Clothes shrink and wrists protrude to increase length. Feet and legs and arms get in the way and seem to have grown all out of proportion. Of certain parts of the face the growth may seem to have taken on stupendous strides."

"Many an adolescent girl has stood for long periods of time before a mirror wondering whether, for instance, that nose would ever stop growing, or whether her height would continue to increase, even though her nose may be dainty and her height about average."

"Always, someone at home or at school adds to the boy or girl's anxiety concerning certain physical traits. The Good Book tells us that we will have to give an account of every idle word we utter. Accordingly, St. Peter will surely have chalked down against many of us some demerits 'for talking' when he shouldn't, and for having said stupid, idle things, regarding children. To illustrate, 'How tall Abe is,' or 'Julia is almost as big as her mother.'"

Grand Exalted Ruler Of Elks Suffering Pneumonia Attack

John R. Coen, Sterling, Colorado, Confined To Clarksburg, W. Va., Hospital

(International News Service) CLARKSBURG, W. Va., Feb. 3.—John R. Coen of Sterling, Colo., grand exalted ruler of the B. P. O. E., was in a serious condition at St. Mary's hospital here today with bronchial pneumonia.

Coen was taken to the hospital yesterday afternoon when he became seriously ill in his hotel suite. Physicians were unable to stave off the pneumonia attack.

Mrs. Coen, the fraternal leader's wife, was reported confined to a hospital in Cincinnati, O., suffering a severe cold. She had been accompanying her husband on a speaking tour.

Although he was suffering from a slight cold when he came here Monday night, Coen did not regard his condition as alarming. He remained in his hotel room constantly, however, except Monday morning when he attended a public reception in his honor. Tuesday his condition became aggravated, resulting finally in pneumonia.

Probe Of Pittsburgh Recreation Bureau Is Being Started

(International News Service) PITTSBURGH, Feb. 3.—Swimming instructors unable to swim, recreational supervisors who gave only part of their time to full time jobs; civil service jobs obtained by backing of ward chairman.

Those were the charges hurled today by the civic clubs of Allegheny county at a hearing protesting amalgamation of the bureau of recreation with the bureau of parks here.

City council ordered Public Works Director Edward Lang to conduct a probe. Maurice R. Schaff, spokesman for the civic club, charged the "civil service commission was highly inefficient in submitting many names and appointments without conducting proper examinations."

Congress Must Levy Excise Or Sales Tax

Protests Heard Against Proposed Excise Tax For Imported Oil

Steamship Owners Raise Voices To Protest—Would Raise U. S. Prices

(International News Service) WASHINGTON, Feb. 3.—Congress must levy an excise or sales tax to balance the budget, Rep. Crisp (D) of Georgia, acting chairman of the ways and means committee, warned Tuesday when a score of witnesses appeared to protest against laying a tax on foreign oil.

Spokesmen for American steamship owners, importing oil companies, and Atlantic coast chambers of commerce all declared the oil tax would be a heavy burden.

May Fall Short.
In asking the witnesses for constructive suggestions, Crisp said the treasury's estimates of increased taxes on the rate it proposed would fall from \$250,000,000 to \$350,000,000 short.

The treasury's estimates were prepared in October, he said, and Undersecretary of the Treasury Mills has admitted that they were too optimistic.

H. B. Walker of New York, speaking for the American Steamship Owners Association, said the proposed tax on oil is but a tariff.

"It would divert South American oil to Europe and put us at the mercy of the mid continent and California oil producers. Most of the American ships are oil burners. They would be forced to take on oil in European ports."

Would Raise Millions.
He asserted the proposed tax would raise only \$81,000,000 a year instead of \$102,000,000 estimated by oil producers.

Robert G. Stewart, president of the Pan American Petroleum and Transport Co., surprised the committee with a declaration that American oil can be produced cheaper than foreign oil.

The tariff commission report when properly interpreted, shows the cost of producing foreign oil 6 cents below American oil. However, Stewart said, the pipe line companies charge 18 cents a barrel for transporting American oil. This pipe line cost, he explained, is solely responsible for the apparent higher cost of laying down oil on the At-

lantic seaboard from American fields.
Make Big Profit.
Stewart estimated the American pipe lines make a profit of 40 percent a year.

He denied the statement of Wirt Franklin, representative of the independent producers, that 300,000 men are out of work in American oil fields. The actual number, Stewart said, should be 35,390. In contrast, he asserted, a tax on foreign oil would cost the jobs of 35,000 Americans employed by foreign companies.

He held a tax on foreign oil would increase the price of gasoline as well as crude and fuel oil.
Because the tax would be a prohibitory tariff, Stewart testified, it would not raise any revenue at all. Among those opposing the oil tariff were George Knoblauch, of America, N. Y.; Mark Cooper, asphalt contractor of Salisbury, Md.; Rep. Rogers (R) of Massachusetts, and George M. Rommel, of Savannah, Ga.

Drastic Slashing Of Army Appropriations Temporarily Stopped

Any Further Attempt To Cripple U. S. Army Or Navy Service Will Be Fought

Wave Of Protest In House When War Department Bill Is Given Slashing

(International News Service) WASHINGTON, Feb. 3.—Drastic reduction of army appropriations was temporarily halted today as national defense advocates notified the house appropriations committee they will fight any attempt to cripple the service.

The army appropriations bill, which was to have been reported to the house tomorrow, was held up until next week while Democratic leaders attempt to reach an agreement with national defense advocates.

Wave Of Protest
A wave of protest swept through the house when it was learned that the appropriations sub-committee on the war department bill, headed by Rep. Collins (D) of Mississippi, planned to cut the bill \$17,000,000 under the budget and \$50,000,000 under last year.

The bill will be revised, under present plans, to provide for the same strength of the regular army, and maintain the activities of the army reserve and citizens training corps.

Rep. Barbour (R) of California, the chairman of the sub-committee last year, made a fight against the Collins program in the sub-committee.

Rep. Snell of New York, Republican leader, declared "the American people will not stand for cutting of the army under present world conditions."

No Ice! Nice?

Mention of the name Wilkins usually conjures up frigid visions of Arctic ice and eternal snows. But here is Lady Hubert Wilkins, wife of the famous Arctic explorer suggesting warm, brilliant sunshine. And why not? Lady Wilkins is shown at Palm Beach, Fla. where she is spending the winter months. Florida's only knowledge of ice is derived from the domestic refrigerator.

North Beaver

OLD SCHOOL BURNS

Early Monday morning members of the Clark family discovered the old Westfield school building, located on the Mt. Jackson-Enon Valley road, was going up in flames. This old building has not been used for school purposes since the North Beaver consolidated school has been erected. The fire was of unknown origin.

Woman Plunges To Death From Window In New York Hotel

Young And Attractive Brunette Jumps From Tenth Story Of Hotel

(International News Service) NEW YORK, Feb. 3.—A pretty, young brunette woman plunged to her death today from the tenth story window of a mid-town hotel. She was registered as Caroline Smith, Moundsville, W. Va., but papers in her room led police to conclude her real name was Mrs. Margaret McCoy.

She clutched a photograph of two children in her hand when her body was found. She wore a wedding ring inscribed "M. M."

Aged Missionary Reported Missing
Margaret Edgar, 70, Former Beaver Falls Resident Missing In Syria

(International News Service) BEAVER FALLS, Pa., Feb. 3.—Grave fears were expressed here today for the safety of Margaret Edgar, 70-year-old missionary who disappeared from her post at Latakia, Syria, January 26.

Miss Edgar, a worker of the Reformed Presbyterian church for more than 50 years, was a former resident of Beaver Falls. A cablegram declaring fellow mission workers in Syria "feared the worst", was received by Dr. Pindley Wilson of Philadelphia and relayed here.

Rose Avenue Pupils In Colonial Chapel

School Folk See Historical Review In Program During Assembly

A fertile imagination is all it took for those who saw a recent chapel program at the Rose Avenue school to be carried backward to America's colonial days.

The school's graders performed with excellence, and each of their numbers was colorfully illustrated with various articles the children of Miss Laura Blucher's 2A class made.

The program follows: Safety play—4A class. The Indian Home—George Nowling, Robert Barnes, Ray Vaughn, Robert Lutz, Harry Copper, Paul Blair, Billie Parkinson and Fred McConnell.

The Indian Money—George Driver, Paul Blair, Billy McGuire, Chas. Bailey and Jackie Heath. Indian Pottery—Evelyn McGee, Mildred Guirini, Rosie Cicco, June Olacz, Miriam Karzunen, Betty Colbert, Betty Haybarger and Helen Hazen.

Indian Picture Writing—Julie Wildko, Roberta Wimer, Billy O'Laughlin and Josephine Carson. An Indian Dance—Entire 2A class. Reading, "Indian Names"—Winfred Hunter. Reading, "Foods Indians Ate"—Patsy Davenport. Two Indian Songs, "Rock-a-Bye My Little Owllet"—Ten Little Indians—2A class. Poem, "Indian Children"—Annette Wynne, Glenn Caldwell, Virginia Bucey and Charles Bailey. Poem, "Indian Cradles"—by Anna M. Priestley—John Coyne, Jackie Bailey, Helen Hazen, Maxine Montgomery, Sylvia Ludovick, Catherine Caruthers and Marie Bucey. MARRIAGE RACKET ENDED BY SHERIFF

WHEELING, W. Va., Feb. 3.—The marriage steering racket which had taken firm hold here since the Ohio five day notice law had driven many couples to this side of the river for faster action was dealt its final blow today by Sheriff Ambrose F. Habig, who notified the growing corps of "steerers" they would have to remain outside the city-county grounds. None of the "steerers" was in evidence at the building this afternoon.

POLICE CHIEF IS OUSTED BY MAYOR AT BEAVER FALLS

BEAVER FALLS, Pa., Feb. 3.—Mayor C. W. Calvin wielded his axe today when he suspended Chief of Police William Davidson and Desk Sergeant Joseph Arthurs. The mayor declined to give any reason for his action. I was surmised, however, the suspensions were a

sequel to the recent primary election in which Davidson and Arthurs opposed the election of Calvin as mayor.

Davidson and his counsel, Leonard L. Ewing, declare the mayor may suspend only for violation of the state law, violation of a city ordinance, misconduct and violation of a police regulation. They say that under the civil service law an officer may not be removed for political purposes.

J. G. CLEMENTS CLASS DINNER

A delightful event of Tuesday evening was the dinner in the Epworth Methodist church, when places were arranged for thirty members at the annual monthly dinner meeting.

The tables were prettily arranged and valentines, large and small were used artistically, while tall red tapers burning in crystal holders, added an air of festivity.

Mrs. J. H. Wigton and her aides, Mrs. R. L. Black, Mrs. J. E. Rodgers and Mrs. Elsie Anderson, served a delicious menu of chicken and all its trimmings.

Dr. S. L. Maxwell was a special guest.

Concluding dinner an informal talk was given by Mr. and Mrs. J. G. Clements, who have just returned from a trip to New York City.

March 1 will mark the date of the next dinner meeting.

Pittsburgh Club

The Pittsburgh Club members were entertained Monday evening at the home of Mrs. Bell Kennedy on North street with Mrs. William Back as joint hostess.

Cards formed the main diversion, and prizes were awarded to Mrs. V. V. Veach, Mrs. Ed. Ansel, William Back and Robert Jones.

The prize for the evening went to Mrs. Mayme Brooks.

After the serving of a dainty lunch, by the hostess, the meeting adjourned.

On Monday evening, Mrs. Frances Drake of Richelieu avenue will be club hostess.

B. N. W. Bridge Club

Members of the B. N. W. Bridge Club were delightfully entertained Tuesday evening at the home of Mrs. Earl White on Bonzo street.

The hours were spent in a cards contest, and after play, prizes were presented to Mrs. A. B. Hawk, Mrs. L. O. Nicholson and Mrs. R. J. Smith.

Before departing for home, the guests were served a delicious repast by the hostess, the small tables being re-arranged for this purpose.

In three weeks, Mrs. Clyde Nicholson of Hilcrest avenue will be club hostess.

Valentine Party

A Valentine Party will feature the meeting of the Baldwin Bible class of the Highland United Presbyterian church Thursday evening, in the home of Mrs. H. Halle, 421 Park avenue.

The Japanese Ball contest will close at this time, and the losing team will later furnish a dinner to the winners.

Mrs. R. S. Cline and Mrs. O. A. Rodgers are captains.

Mrs. A. C. Allen, Mrs. E. A. Barr, Mrs. J. G. Blim and Mrs. L. C. Barry are hostesses for the event.

Silver Kraft Club

Members of the Silver Kraft club assembled at the home of Mr. and Mrs. I. M. Rudolph, Croton avenue, Tuesday evening for the bi-weekly party and session of cards.

After a time of congeniality spent around the card tables, the hostess, assisted by Mrs. J. K. Peterson, served delicious refreshments.

On February 16 the group will be entertained at a chicken dinner in the home of Mr. and Mrs. J. P. Dickson, Lathrop street.

EVENING BRIDGE AT FIELD CLUB THURSDAY

All plans are in readiness for another delightful evening bridge party on Thursday at the Field Club house, arranged especially for the entertainment of its membership. Play will begin at the usual hour, and hosts on this occasion will be Mr. and Mrs. H. A. Wilkison.

Following the cards contest, lunch will be served.

Birthday Honored

A delightful time was had on Monday evening, when Mrs. I. M. Stickle of East Grant street entertained in honor of her husband's birthday.

There were 16 couples in attendance, and the evening was spent in 500 and radio music.

At a late hour, Mrs. Stickle served a tasty oyster supper, the table being prettily decorated with flowers and a birthday cake.

The honor guest was the recipient of a lovely gift from those present.

T. N. C. Club

Mrs. Earl Patton on Butler avenue proved a delightful hostess Tuesday evening when she extended hospitality to members of the T. N. C. Club.

The hours were spent in playing 500, prizes for honors going to Mrs. Patton, Mrs. William Murphy and Mrs. R. W. Harris.

At a suitable hour, the hostess was assisted in serving a delicious lunch by Mrs. William Grimes.

They later adjourned agreeing to meet again in two weeks with Mrs. Paul Starkon, Conkie avenue.

Auxiliary Party

The Sons of Veterans Auxiliary and the Drum Corps will entertain their members and friends Thursday evening at a card and bingo party in the City Building at 8 o'clock.

Mrs. Margaret Robinson, Miss Clara Ashton, Mrs. Bertha Daugherty, Mrs. Helen Harlan and Neal Williams form the committee making arrangements.

Gramoda Kensington

Members of the Gramoda Kensington will note they will meet at the home of Mrs. George Thomas on Logan street Friday, evening of this week instead of on Thursday as announced.

With New Castle Afro-Americans

St. Paul's Baptist church, 616 West North street, will begin a celebration of the second anniversary of the pastorate of Rev. S. J. Jackson, this evening at 7:30.

A splendid program has been arranged by the Sunday school and the B. Y. P. U. and the music will be furnished by the choir of the church.

Rev. J. W. Kelly will preach and it is expected that all members will take part in the activities.

L. Edwards will act as master of ceremonies.

Americanism: Choosing only the most righteous for friends; wondering why you haven't more.

DISTANCES IN WAR-TOWN CHINA

This map gives the location of Shanghai, center of the Chinese-Japanese conflict, in relation to other important cities and points in China. Chicago Officer Slays Hoodlums

Two Hoodlums Slain By Policeman During Altercation

(International News Service)

CHICAGO, Feb. 3.—A battle between two men said to have been attempting to force their way into a cafe, and a policeman had resulted in the deaths of Robert Bridges, 30, and William Moriarity, 29, today.

The two were shot by Policeman Harvey McArthur, an ex-marine, who was summoned to the cafe by the proprietor.

McArthur said the pair knocked him down and beat him.

Before they died the two men said they returned to the cafe to get a hat one of them had left there.

Dairy Farm Fire

Is \$15,000 Loss

(International News Service)

CHARLEROI, Pa., Feb. 3.—Two new barns and a new garage on the Leo Gyseggen dairy farm, near here, were destroyed by a mysterious fire today. Loss was estimated at \$15,000.

Charleroi and Monongahela fire departments answered the alarm but because of lack of water facilities were able only to save the farm house and a stock barn.

The three buildings, a truck, three automobiles and a tractor, were destroyed. Gyseggen told firemen he was awakened by flames which he saw in the garage. He was unable to state how the fire started.

Smedley Butler, Fiery General, Is Here Friday

General Smedley D. Butler, fiery, fighting Marine Corps leader, one of the bravest men who ever wore the uniform of Uncle Sam's fighting forces, will be here Friday evening for an address in the Cathedral auditorium, under the auspices of the Consistory Legion of Honor.

After spending more than thirty years in the uniform of a United States Marine, rising from the rank of private to General, he has seen plenty of interesting things and can tell about them in an interesting manner.

He wears more decorations, which he has honestly earned, than any soldier who has ever served Uncle Sam. Twice he has won the coveted Congressional Medal of Honor, besides numerous other decorations.

His last bit of other service was in China, where he commanded the Third Brigade between March 25, 1927, and January 14, 1929. Thus General Butler knows a great deal about conditions in China, things he would never be permitted to tell if he were still in the service.

He probably would tell the consequences of official condemnation, because that is his way. And he will tell them in his rich, spicy vocabulary, when he makes his appearance here Friday evening. Tickets are going very fast and those who expect to get a good reservation must make them now at Kerr's jewelry store, 323 East Washington street.

CAPITOL

Federal Aid To Be Used In Road Program

State Will Let Contract Soon
For Improvement Of
350 Miles Of Road-
way

**PINCHOT MUST
GIVE APPROVAL**

(Special To The News)
HARRISBURG, Feb. 3.—The highway department within the next few weeks will begin advertising for the improvement of approximately 350 miles of road with Federal-aid funds. The department has an allocation of slightly more than \$4,640,000 from the federal government to use for the construction of roads and bridges on the federal-aid system this year.

Approval of Governor Pinchot is necessary before the projects can be listed for advertisement. The department has virtually decided what sections of highway it hopes to improve during the coming construction season with federal-aid funds.

To Aid Cities

The department also is preparing to embark on an extensive program of improvements to streets in third-class cities that have been designated as connecting links of the highway system. These street sections came under the jurisdiction of the department under legislation passed by the 1931 legislature.

Legal complications covering paving contracts in a number of the municipalities prevented the department from assuming responsibility of these streets until a few weeks ago. For the biennium ending May 31, 1933 the department has set aside more than \$1,500,000 for construction and reconstruction of city streets. Little of this money has been spent to date.

The department also plans to strengthen a number of bridges on this highway system this year to permit them to carry the maximum traffic loads. Engineers have found that several hundred of these structures can be improved with the ex-

penditure of a few thousand dollars apiece to meet present day traffic needs.

Save On Snow Removal
It will be some time hence before final determination can be made on the mileage of rural roads to be improved this year. During the spring months finishing touches will be placed on the remaining portion of the emergency program which was started late last fall. The department will have some funds to be available for expenditure on the rural road system this summer. No work may be started, however, until after a new fiscal year starts on June 1.

The department this year has been fortunate so far this year in the matter of maintenance and snow removal. In other years the removal of snow has been an expensive item of the department's winter expenditures. So far this season only a small share of the allocation for that purpose has been spent.

Favorable weather conditions that have prevailed this winter have permitted maintenance forces to repair damage sections of road. The lack of frost in the ground also is expected to materially reduce the damage from that cause in the spring. Usually frost has caused considerable damage each spring but this year repairs necessitated through frost action will probably reach a low record. Money saved for this reason and also left over as unexpended from snow removal most likely will be used to improve rural highways.

Gotham Claims Loveliest Salesgirls

London and Paris Beauties a Poor Second to Department Store Venuses of
New York. Beauty Behind the Counter an Aid to Business.

MARION SULLIVAN CATHERINE RICE ETHEL KANE GERTRUDE AARONSON

The recent claim by Londoners that the English capital has the most beautiful shopgirls in the world, was a big surprise to New York shoppers, who immediately registered a vigorous protest. Without appealing to the League of Nations, America has claimed possession of the pinnacle of pulchritude for the salesgirls of Gotham. And if there are any dissenters in the audience, a walk through a few of the metropolitan department stores will convince the most skeptical that there is good foundation for the claim. Above are four Venuses, discovered during a random ramble through one such emporium. Marion Sullivan, of the wistful, winning smiles is the presiding goddess over the notions counter in a Brooklyn store. In the very same emporium is Gertrude Aaronson, whose exotic Castilian beauty is a big asset to the cosmetic counter. Could London produce two to equal this pair of beauties in one store? Then there is Catherine Rice, the shining light of a just one block further on, Ethel Kane, petite, chic Manhattan Store. She supplies a million dollars' and winsome, packs the customers into the shop in d' worth of decorations to the millinery department. So, sorcery, London! Your shopgirls may be the buds but Gotham's salesgirls are the berries.

LOOKING BACK

IN NEW CASTLE

James A. Gardner, former city solicitor and prominent citizen of New Castle, occupies a prominent place in the history of the city, because it was he that guided this city from legal pitfalls during the years, when it was in the process of becoming a city of its present importance and it was his wise counsel that prevented the city from falling into many of the unfortunate situations that have fallen many other cities. In fact during the many years that he served this city as city solicitor, he was recognized throughout Pennsylvania as one of the greatest authorities of matters pertaining to third class cities, in the entire state. His education was acquired in the study of law under Judge John McMichael and J. M. Martin at New Castle. In 1876, he was admitted to the bar and immediately began the practice of his profession. He handled in his time a considerable share of important legal business of Lawrence and neighboring counties. He was first elected as city solicitor in 1883 and was re-elected in 1884 for two years and then again in 1896, remaining in that position until his death a number of years ago. He was a staunch Republican. In addition to being city solicitor, he also served the city for seven years as a member of council and was president of select council for four years. He also served as a member of the board of school directors of this city for eight years, being secretary of the board for seven years of that time. He was a member of the convention that framed the act governing cities of the third class in Pennsylvania and also was one of the organizers of the League of Third Class cities.

Reward Offered At Philadelphia In Bechtel Case

One-Thousand Dollars Left
In Bank By Slain Man
Will Be Given For
Clues

MURDER MYSTERY STUMPS POLICE

(International News Service)
PHILADELPHIA, Feb. 3.—One thousand dollars of the money Norman R. Bechtel, slain Mennonite church worker had in the bank, was set aside today for anyone, policeman or civilian, who offers or finds the first bit of information leading to the arrest and conviction of Bechtel's slayer.

Decision to set aside a reward was reached at a conference in city hall between Supt. of Police Wm. B. Mills, his assistant Capt. Joseph Estrange and Maxwell H. Kratz, attorney for the Bechtel family.

Kratz said he had obtained permission of Wilbur Bechtel, brother of the slain man, and executor of the estate to take the money from the small fortune the murdered church worker had left to his family.

Pastor, Ex-Showman Speaker At Kiwanis

Clubmen Hear Rev. Johnstone,
Newcomer Tell Of 'Big
Top' Ways

One of New Castle's youngest church pastors laid aside his ministerial cloak today as he recited a thrilling life as a showman in a circus to the city's Kiwanis Club, meeting for its weekly luncheon in the Elks Temple.

The Rev. Charles W. Johnstone, newcomer to the Central Christian church here was speaking on "From the White Top to the Pulpit." The clergyman frankly told the club of circus life as he saw it during the 17 years he operated a 15-car traveling show of his own.

After years of managing a long-successful business of his own, Rev. Johnstone decided to enter the ministry. He has been one ever since. The local church called him when the Rev. Jesse Porter left the Central Christian pastorate some time ago.

Not alone the dark spots of a circus performer's life, but the bright moments as well were retold. He still looks favorably upon it, for many of his kin are still among the number who play in shows. His late father spent 70 years as a showman.

"Loyalty," the speaker concluded, "is the outstanding quality that circus people have. They have a motto that 'if you're with it, be for it.'"

Rev. Johnstone said it's that type of quality we need in our churches and clubs.

Lion Arch Cubison played as piano accompanist for the Kiwanians today in the absence of Harry Hammond, regular pianist. Samuel Lewis led the pep singing.

Theatre Owners State Position

No Further Sunday Movie

STATEMENT MADE AFTER CONFERENCE

Following a conference held Tuesday afternoon between motion picture theatre owners of New Castle and a group of representatives of the Public Morals Committee, the question of Sunday motion pictures in this city was decided, the theatre owners agreeing to discontinue the practice. Representing the theatre owners were Charles Freeman, Spear Marousis, John Newman, Maurice Markley, and J. Victor. From the Public Morals committee were Attorney C. A. Patterson, Rev. C. B. Wingard, Mrs. J. C. B. Douthett, Rev. A. M. Stump, Rev. E. A. Crooks, Charles Bright, John Wallace, W. E. Ferry.

The matter was discussed at length by the two groups, with each side presenting its case. The outcome of the conference was a statement made by Mr. Freeman, for the Capitol, Penn. Regent, Victor and State theatres. The statement follows:

"The motion picture theaters of New Castle were open last Sunday in response to a written request from the mayor of New Castle that the theatres open and operate for the purpose of raising money for the Mayor's Relief committee. In complying with the mayor's request and in opening our theaters we understood that we were cooperating in a worthy movement and in an emergency. We wish to state that it was not our intention to open the theaters on Sunday as a commercial proposition; neither was it our desire that the controversial question, which has developed as a result of the opening, be raised.

"The motion picture owners and operators of New Castle do not wish to do anything that would offend anyone in the community. We wish it understood that it is against the policy of the motion picture industry to operate movies on Sunday for commercial purposes.

"In view of the situation which has developed, the management of the several theaters of New Castle wish to publicly state that the movies will not hereafter be open or operate on Sunday for either charitable or commercial purposes. Sunday showing will be eliminated at once and forever. The motion picture owners desire to enjoy their own Sunday away from their businesses as do other citizens of this community.

"It has always been the policy and desire of the local motion picture industry to conduct their business without raising controversial questions in the community and in harmony with the best interests of its citizens. We have learned that a campaign is about to be inaugurated for the raising of funds for this relief purpose and the reason for opening the theaters on Sunday therefore appears to be eliminated."

TWENTIETH CHILD BORN TO WOMAN

Not many women in Lawrence county can claim the distinction of having had twenty children, but in this class is Mrs. Cora Sipe, wife of John Sipe, Neshaanock Falls.

Her twentieth child was born Saturday, January 30, at her home, after which she was brought to the Jameson Memorial hospital. Her condition today is fair.

Ten of the twenty children born to Mr. and Mrs. Sipe are living.

Already Tested—O.K.'d by U.S.

Despite the fact that he is not an American citizen, being a native of Australia, Harold Gatty, famous 'round-the-world' flier, has been appointed senior aerial navigation engineer at Bolling Field, Washington, D. C., without competitive examination. Gatty's feat of navigating the Winnie Mae around the globe in eight and a half days with Wiley Post was considered as obviating the necessity of the usual examination. John J. Mullane, Chief Clerk of the Air Service (left), is shown swearing him in.

OLDEST LAWYER CONDEMNNS MODERNS

(International News Service)
MEDIA, Pa., Feb. 3.—George E. Darlington, dean of the American Bar Association, believed to be the oldest practicing lawyer in the United States believes "this modern age is a corrupt age."

He will be 100 years old on August 20.

With vigor and conviction he deplored the "change in lawyers."

"In the olden days, a lawyer learned his profession by working in a law office. Today he goes to college, where young men form associations that are not good."

Darlington was admitted to the bar nearly 76 years ago.

MEN TURN TABLES ON ERIE FEMALES

ERIE, Pa., Feb. 3.—Leap year was no joke for the girls here.

At a dance held here in addition to purchasing the tickets, the girls were obliged to call for their escorts, buy the cigarettes and lunches and drinks and even book the dances.

And, to make it even more real,

the men agreed to force their girl friends to wait in the parlor until they finished dressing, like they were forced to do many times themselves.

LATIN INSCRIPTION CAUSE OF DISPUTE

(International News Service)

MEDIA, Pa., Feb. 3.—A Latin inscription on the Delaware county courthouse is fast becoming a controversial topic.

A committee of the Delaware County Bar Association is conducting an investigation into the correctness of the sentence:

"Boni Viri omnes aequitatem ipsam amant."

The translation had been accepted as "all good men love justice itself."

Meanwhile, Joseph Bluett, S. J., professor of Latin at Georgetown University, in a letter to William Taylor, president of the Bar Association said the sentence as it is now, is correct.

Several persons content that the sentence should read "for itself" and the word "ipsi" should be substituted for "Ipsam."

Nitro-Glycerine Explodes
At Beckley

INVESTIGATION
IS BEING MADE

(International News Service)
BECKLEY, W. Va., Feb. 3.—Four persons were dead today, victims of an explosion which wrecked their home as a member of the family attempted to open a can believed to have contained nitro-glycerine.

The dead:
Wilmer Bailey, his brother, Ash Bailey, Emory Thurman, and his wife, Vivian Thurman.
A knife found near the wrecked house was believed to have been used in opening the can, in the yard at the rear of the building.
Lieut. Frank Gibson, of the state police, began an investigation.

ARMY TROOPS OFF FOR SHANGHAI

For the first time in 32 years, with the exception of the World War, regular army troops have been ordered overseas for emergency duty. Top photo shows the U. S. army transport Chautauque, carrying the crack 31st infantry regiment from Manila to Shanghai. Below is an exclusive photo of the American and British commanders in Shanghai. Left to right are Col. Richard Hooker, commander of the U. S. Marine force in Shanghai's international settlement; Major Price Williams of the British defense force; Maj. Gen. Borrett; Brig. Gen. Richard Fleming, commander of the British forces in Shanghai; and Col. E. A. Baker, fourth U. S. marines.

heard a prominent physician say that such an application, which is known as a Freisnitz bandage, will do as much to relieve many forms of abdominal pain as a hypodermic of morphine.

A good knowledge of hydrotherapy or water treatment would be a much safer and really better thing for the home doctors and house nurses than the knowledge of drugs which most of them possess.

Two hydrotherapeutic measures are very effective in the treatment of colds and sore throats—the throat compress and the chest compress.

The technique of their application is simple, but must be followed quite exactly.

For the throat compress get two strips of linen three inches wide and long enough to reach from one ear to the opposite ear, and a strip of flannel three and a half inches wide and long enough to go around the chin and over the head. Wring the linen strips out of water at a temperature of 60 degrees F. Place them on the throat from ear to ear (not, as is usually done, around the throat like a collar). Cover with the flannel, which is brought over the top of the head and pinned in place. Allow to remain an hour and replace with another. Do not use oiled silk in place of the flannel for the reason which is explained below.

The chest compress is used in much the same way; several strips of linen wrung out of water at the temperature of 60 degrees F. put over the front of the chest or around the chest and covered with flannel.

If rubber or oiled silk is used instead of flannel the compress is converted into a poultice or wet dressing, which is not the idea. The compress helps by stimulation due to thermic excitation the compress interchanging with the heat of the skin, the end of which is slow evaporation through the flannel.

The amount of relief to be had from these measures is out of all proportion to simplicity.

Prevention of Colds.
Avoid being sneezed on by those who have colds.

Avoid unnecessary fatigue. Get eight to ten hours sleep every night. Sleep and work in well ventilated rooms.

Drink plenty of milk, and eat fresh fruits and eggs.

Do not over-dress. Give the skin a chance to breathe. But avoid chilling and dampness.

Remove sources of infection in the mouth cavity and the nose.

Today is Chrysler Day

FIRST SHOWING OF NEW CHRYSLER CARS with FLOATING POWER

PATENTED AND FULLY PROTECTED

PLUS

CHRYSLER announces four new Chrysler cars—a new Chrysler Six and three new Chrysler Eights—all with patented Floating Power!

That is the most important statement that could be made about a motor car—for Floating Power is the greatest engineering development of modern times.

Floating Power gives Chrysler performance a smoothness never before expected of a motor car. When driving at any speed, power tremor is absolutely wiped out of both frame and body.

The great flow of Chrysler Power at all speeds is incredibly smooth and soft and silent.

Easiest Cars to Drive

In addition to Floating Power, the new Chrysler Automatic Clutch makes driving supremely simple. Nothing for your left foot to do but be comfortable. You don't have to touch the clutch pedal when starting from a standstill, or changing gears, or even when using reverse. Your left foot is perfectly idle; nothing to press; nothing to touch.

Gear-shifting really isn't gear-shifting, in the old sense, with Chrysler's new Silent Gear Selector. When you release the accelerator, you move the lever freely into place in any direction, at any car speed, with no more effort than moving a lead pencil. Because—when you move the lever to select a higher or a lower speed, the transmission gears are not revolving. They are at rest, disconnected from the engine by the Automatic Clutch, and disconnected from the rear wheels by the entirely separate Free Wheeling unit behind the transmission.

AUTOMATIC CLUTCH
SILENT GEAR SELECTOR
FREE WHEELING
HYDRAULIC BRAKES
ALL-STEEL BODY
OILITE SQUEAK-PROOF SPRINGS
DOUBLE-DROP GIRDER-TRUSS FRAME

You may, of course, lock out both the Automatic Clutch and the Free Wheeling unit, and instantly return to conventional driving at any time or speed by simply pulling out a button on the dash.

Finer, Safer Brakes

A definite new advantage has been added to Chrysler's self-equalizing Hydraulic Brakes in the form of new Centrifuge brake drums. A steel drum with cast-iron lining—permanently fused together. Under all conditions, Chrysler brakes last longer, remain cooler, retain uniform efficiency and give a quicker, "softer" and more positive action. A development that adds safety at faster speeds.

Chrysler steel bodies are All-Steel construction—rigidly reinforced and welded into one piece—the kind of construction that gives you the safety you should have and should demand. Adding still further to your protection and comfort is a new Double-Drop Girder-Truss Frame of tremendous strength and rigidity.

Good-bye All Spring Squeaks

New patented Oilite Squeak-Proof Springs on all three of the new Eights have the great advantages of never squeaking, and never needing lubrication.

Besides all of these outstanding superiorities, Chrysler retains the following important basic features—

pioneered or popularized by Chrysler and features of Chrysler cars for years: In the Eights, a 4-speed transmission with internal Dual High Gears; in the Six, a Silent-Second Easy-Shift Transmission; all have the high-compression engine; full force-feed lubrication; ventilated crankcase; aluminum alloy Invar-Strut pistons; counterweighted crankshaft; modern fuel system with fuel pump; oil filter; air cleaner and intake silencer; noiseless spring shackles; cowl ventilators; small base wheels and large tires; adjustable front seat; interior sun visors; indirectly lighted instrument panel; treadle-type accelerator—and many others.

Very Low—Very Smart

All of the new Chryslers are noticeably low, smart and fleet in appearance. The bodies are larger and roomier, with greatly increased luxury in design, finish and appointments.

More powerful cars than ever. Faster than ever. If you like real speed, Chrysler has it. You may never care to drive 75—85—90 miles an hour, but the great power that makes these speeds possible makes Chrysler performance at any speed you choose to drive, the most enjoyable performance under the sun.

Drive one of these new Chryslers and learn what a truly modern car it is.

A new Chrysler Six, five body models, \$385 to \$935 (Automatic Clutch and Oilite Squeak-Proof Springs on all Sixes at slight extra cost); a new Chrysler Eight, four body models, \$1435 to \$1495; a new Chrysler Imperial Eight, two body models, \$1925 to \$1945; a new Chrysler Imperial Custom Eight, six body models, \$2395 to \$3595. All prices f. o. b. factory. Duplate Safety Plate Glass obtainable on all models at slight extra cost.

Recall Fire That Levelled Capital

HARRISBURG, Feb. 3.—Chim-

ing of clocks at one o'clock Tuesday afternoon on Capitol Hill marked the thirty-fifth anniversary of this city's most destructive fire—the razing of Pennsylvania's capitol buildings.

Exactly thirty-five years ago Tuesday, President Pro Tem. McCarroll rose to call the Senate to order. An excited page interrupted McCarroll with the announcement that fire had broken out in the rooms of Lieut. Governor Walter Lyon, directly above the Senate chamber.

While Senate attaches formed a bucket brigade, the legislative body took up the day's business. A fire alarm registered in error and fire-

men rushed to another part of the city.

In the meantime, the Senate calmly moved to adjourn the House and other offices were notified of the fire and the Capital was evacuated.

When the firemen arrived the flames were beyond control. Several hours later, the Capitol was in ruins.

The fire burned until after midnight before firemen, aided by snow and rain, were able to check its progress.

Superstitious folks recalled that while laying the corner stone of the building in 1819, Governor Findlay accidentally broke the mallet—regarded as a bad omen.

enjoyed and delicious refreshments were served by the hostess, assisted by her mother, Mrs. Irwin Ropp.

Arraignment Of Four Americans Granted Delay

Defense Counsel For Society Matron And Three Naval Men Given Till Friday

LEGISLATORS END SPECIAL SESSION

(International News Service) HONOLULU, T. H. Feb. 3. — To give defense counsel opportunity to attempt to find flaws in the grand jury indictment of four Americans charged with an "honor slaying," the arraignment of the defendants stood postponed until Friday.

A curious crowd watched Mrs. Grace Fortescue, her son-in-law, Lieut. Thomas H. Massie and two naval enlisted men, appear in court as their attorneys sought and were granted a continuance of the formal arraignment.

The four were indicted for second degree murder in connection with the death of Joseph Kahahawai, one of five native gangsters accused of having criminally attacked Mrs. Thalia Massie, bride of the naval officer, and daughter of Mrs. Fortescue.

Meanwhile the territorial legislature stood adjourned after passing the public prosecutor bill under which the mayor will appoint the prosecutor who can be removed only by the attorney general with the approval of the territorial governor.

Other measures passed included an anti-loitering bill, and a drastic measure governing sentences of men found guilty of criminally attacking women.

Woman 38 Gives Birth To Child Number Sixteen

Rochester, N. Y., Woman Married When 16, Has Twelve Children Living, Including Twins

(International News Service) ROCHESTER, N. Y., Feb. 3.—The stork worked overtime here Tuesday.

Mrs. Nathan Rabinowitz in Municipal hospital gave birth to her sixteenth child, though she is only 38 years old.

Number 16 is a husky six-pound girl and has been named Gertrude. The mother was married when she was 16 and has twelve living children. In the brood are twin daughters.

Arrest Drivers Near State Line

State Highway Patrolmen are conducting a diligent search for drivers who are without operator's permits, it was reported today, by officers on detail here from the substation at Butler. During the past few days several have been arrested for failure to have the licenses. Corp. L. C. Hanks said that several Pennsylvania drivers have been arrested near the Ohio state line, taken before a justice of the peace and fined the regular fine, \$10 and costs.

Beginning, February 15 drivers may use the 1932 operator's licenses which are now available.

Deny Rockefeller Suffers Illness

(International News Service) ORMOND BEACH, Fla., Feb. 3.—John D. Rockefeller continued to remain in seclusion in his winter home, Casements Tuesday, while associates insisted that reports of his illness were without foundation. The 92-year-old multi-millionaire has not played his customary 8-hole daily round of golf in a week, and Sunday broke a record of two years failing to attend services at the Ormond Union church.

He is believed to be suffering from a slight cold and throat infection.

Prisoners Refuse Chance To Escape

(International News Service) RICHMOND, Mo., Feb. 3.—Three meals a day and roof over their heads held more appeal than freedom Tuesday for ten prisoners in the Ray county jail.

Invited by Ira Lester Carter, another prisoner, to escape through a hole in the jail wall he had dug shortly before dawn, the prisoners declined the offer.

"Give up three meals a day and a place to sleep? Nothing doing," responded one of the prisoners.

The bureau of ethnology says that the Eskimos of Smith Sound, Greenland, are the most northerly people in the world.

"I got so I couldn't eat anything without having trouble afterwards," says Mr. Barney Barnes, popular oil rig builder, of 221 1/2 West Grand Avenue, Oklahoma City, Okla. "I would have heartburn, and indigestion pains after meals."

"Nothing seemed to help me. I tried everything I could hear of but my indigestion hung on for years."

"Then a friend got me to take some Pape's Diapepsin. I had almost immediate relief with the first two tablets. Now that I have been taking them for some time, I find I can eat meats or most anything and have no trouble. I want to tell others about Diapepsin because it sure helped me."

Thousands like Mr. Barnes are finding quick, certain relief for sour stomach, or acidity, by using Pape's Diapepsin. Chew a tablet and that feeling of weight and discomfort after eating just disappears.

Bishop Cannon Loses In Suit

Justice Peyton Gordon, Issues Decision In Favor Of Rep. George Tinkham

SUIT RESULTED FROM UTTERANCE

(International News Service) WASHINGTON, Feb. 3.—Bishop James Cannon, Jr., militant Methodist churchman and prohibitionist, lost a \$500,000 libel suit Tuesday.

Justice Peyton Gordon, sitting in District Supreme court, dismissed the bishop's suit for half a million against Rep. George Holden Tinkham (R) of Massachusetts, for charges made against him some months ago in connection with his 1928 campaign expenditures.

Tinkham originally made his charges in a speech on the floor of the house in which he bitterly assailed the bishop's conduct and activities.

Cannon retorted that Tinkham made his accusations only because members of congress are immune from suit for their statements on the floors of congress. He challenged the Massachusetts wet to "say it outside." Tinkham accepted the bishop's challenge and repeated his charges "outside," whereupon the bishop filed suit.

Justice Gordon held a member of congress cannot divest himself from the immunity given him by law for assertions made in the course of congressional debate, and dismissed the suit.

Pennsy Tests New Container Locally

New-Type Car Brought Here For Experimental Use; See Advantages

Tests of a new-type metal container on the Erie & Ashtabula division of the Pennsylvania railroad are proving its adaptability for the transportation of fire brick and sheet steel, officials at headquarters here announced.

Its chief advantages are the convenient and economical handling of these bulk commodities and the elimination of loss and damage. An impact register was installed in a container and it was demonstrated that a fourth zone impact (15 miles per hour) did not damage the loading.

The containers are built in two

sizes, one four feet square and nine feet high, and another four by eight feet and of the same height, with a capacity of 8,000 and 16,000 pounds, respectively.

The sides and top are solidly fastened together so as to be weather-proof, resembling an inverted square can. The bases are small platforms or skids, on which the material is loaded. The container is slipped down over the load and secured to the base by a quickly locked fastening. They are handled with a crane.

P. R. R. VETERAN IS OFFICIALLY RETIRED

Harry Hettenbaugh, Ashland avenue, actually retired from the Pennsylvania railroad service as of January 1, 1932, officially was pensioned by the company yesterday. Hettenbaugh had been a gang foreman at the Cherry street shop.

For several years Mr. Hettenbaugh has been ill and unable to work.

Christian Endeavor Union Will Meet

Meeting Will Be Held At The Central Presbyterian Church, Thursday

The Lawrence County Christian Endeavor Union will hold its regular monthly meeting on Thursday evening, February 4, 1932 at 8 o'clock. The place of meeting is in the Central Presbyterian church on the public square. Business of importance is to come up, including plans for the annual spring rally.

Representatives from all societies of the county have been urged to be present, owing to the importance of the matters to be considered. On Friday evening, a district meeting will be held at Butler. A banquet

will be served at 6:45 p. m., followed by the regular meeting. A delegation from Lawrence county is planning to make the trip and join with Butler county in the meeting.

Plan To Enlarge Hospital At Erie

(International News Service) ERIE, Pa., Feb. 3.—Erection of a 100-bed addition to St. Vincent's hospital here was assured today with decision of the board of trustees to stage a \$400,000 building fund campaign this year.

Date for its start will be announced later. It is hoped, however, improved economic conditions will allow it to begin by mid-year.

Congressmen Talking More Records Show

Congressional Record For Last Year Contained 62,000 More Words

ALMOST 8,000 PAGES INCLUDED IN ISSUES

By ARTHUR C. WIMER
Special Washington Correspondent Of The New Castle News

WASHINGTON, D. C., Feb. 3.—Congress is growing more talkative! That, at least, is fact, not theory, and George H. Carter, Public Printer of the Government, has the statistics to prove it. "The Daily Congressional Record" for the third session of the 71st congress averaged 108 pages for each issue. The highest daily average of any former session was 83 pages," states the annual report of Mr. Carter, just made public.

In other language, about 62,000 more words went into each congressional record last session than in any previous session. Of these 62,000 extra words, about 35,000 of them, by the law of averages, were spoken in the house and senate. The others went into the "Appendix," which contains material "inserted" but not spoken.

The average record last session, looked at it from another angle, contained about 267,000 words, of which around 150,000 or more, were printed in congress. That's quite a production of words, perhaps unequaled among the parliaments of the world.

Of the 7,779 pages in the congressional record of last session, 2,388 were printed in smaller type, says Mr. Carter. The smaller type is used for the appendix and for the printing of bills and resolutions presented to or considered by congress.

Had Short Session
Figuring all this out reveals that the record of last session, running only from December 1, 1930 to March 4, 1931—a short session—contained about 19,000,000 words. Of this gallant total, something

over 11,000,000 were delivered on the floors of congress and by word of mouth.

The present session, which expires in the early part of June, will, if it keeps up the average, total over 40,000,000 words, about 25,000,000 of them spoken. And there is strong hope that this will be accomplished. "Apparently," judges Mr. Carter, "the present session of congress will keep pace with the preceding one, as indicated by a 160-page record on its second day and an average of 90 pages daily for the thirteen issues up to the Christmas recess." Congress did not really get started talking until after the Christmas recess!

Now it costs plenty to talk so much. Government printing experts calculate about \$50 per page of congressional record. This makes the cost of words, printed and inserted, about \$389,000 for the last session. The present session will probably cost around \$800,000 for its congressional record. The government paid about \$120,000 for speeches and so on last session that were never delivered in congress, but which members wanted to see in the record.

In passing, it may be mentioned for those who like to cipher things out for themselves, that the printing experts figure about 2,100 words on an average page of the record and about 3,300 words on a page of the smaller appendix type.

Many Bills Printed
But congressional words have other harbors besides the record. There are words and words and words. Here is another item giving further evidence that congress is not drying up. "A total of 9,524 introduced bills and resolutions were printed for the present congress up to its recess on December 22, almost equaling the average number for an entire session heretofore," says Mr. Carter.

And here is another: "The number of franked envelopes furnished free to members of congress for mailing their speeches and government publications during the fiscal year of 1931 totaled 25,360,900 and cost the government \$58,767, an increase of 2,750,100 envelopes at an additional cost of \$8,454 over the amount for the fiscal year of 1930."

Congressional committee hearings printed last fiscal year filled 73,054 pages and 357,732 copies were supplied to the respective committees. Printing of these hearings cost \$375,284, an increase of \$198,219 over 1930. Outside of hearings, other committee printing work ran last year's total up to \$605,654.

The government printing office is a mammoth establishment employing over 5,000 men, with a night shift of over 1,000. "During the year 1931 there were printed 29,866,506 copies of agriculture department publications, including 12,246,218 farmers' bulletins, four-fifths of which are allotted by law to members of congress for free

public distribution." Printing work of the department cost \$1,080,000.

Much Waste Shown
A total of 11,319,540 copies of commerce department publications were printed in 1931. "Of one commerce publication alone, a 116-page illustrated pamphlet relating to furniture, its selection and use, 500,000 copies were printed in May 1931, for sale by the superintendent of public documents at 20 cents per copy," Mr. Carter reports. He adds that "to date, only about one-fifth of the copies have been sold."

This becomes a familiar story in perusing the readable Carter report—enthusiastic and expensive overproduction. "During the past ten years 10,503,405 copies of publications ordered by the various departments and establishments of the government for official use or free distribution have failed of that purpose and have been sold as waste paper." Add also 7,470,000 copies of publications left on the hands of the superintendent of documents, and 5,925,000 publications returned by "depository libraries," and the grand waste total becomes 23,899,000, "the printing and handling of which cost the government much more than a million dollars."

Government publications delivered to the superintendent of documents the last fiscal year totaled 72,142,884 copies. He had a stock of over 38,000,000 on hand. During the year, he disposed of about 72,000,000 copies.

The printing office prints anything and everything involved in government activities.

Pitt Graduates Will Use Stadium

Commencement Exercises For Coming Spring Are Planned For Outdoors

(International News Service)
PITTSBURGH, Feb. 3.—Because of lack of an adequate auditorium, commencement exercises of the University of Pittsburgh will be held at the stadium this year on June 8. Chancellor John G. Bowman announced.

Should the plan prove feasible, the stadium will be used hereafter, he said. Thousands of parents and relatives were turned away from the exercises in past years because of the limited seating capacity of the hall. Each year's graduating class numbers almost 1,400 persons.

Three platforms for speakers will be erected in the stadium. No provisions for inclement weather have been made. A study of data for the past 23 years revealed that June weather has always been near perfect for outdoor exercises, University authorities said.

*CLIMATIC-CONTROL is the pre-adjustment of the specifications of Mobilgas so that it automatically adapts itself to the variations in "engine heat," even as high as 400° F., caused by changes in temperature, altitude, humidity and road "pull." In the Mobilgas Research Laboratories, all these changing climatic conditions have been "manufactured" in hot and cold testing-chambers. Here engine tests are conducted day after day. The road performance of Mobilgas is thus scientifically verified at different "engine heats," and its specifications are pre-adjusted before it is placed on sale in your locality.

My New York by JAMES ASWELL

By Central Press.

NEW YORK, Feb. 3.—"This kid," said the night club man, very early one morning, "wants to write."

Almost everybody, of course, wants to write; but not almost every night club choline. There isn't much time for such frivolous notions in one of the big-time floor shows.

Miss Delphine Doray. Big eyes, heavily mascaraed, artificially lashed. One of those figures nearly every successful lady novelist in the land would abandon her career to have. She sat down and answered my questions in a clear, carefully enunciated voice. She was a nice girl, perhaps 19, but her manner was cautious; she looked at me from time to time as though afraid I was going to ask her what she was doing after the show—in which case she would be able to place me more easily, but the fun would be spoiled.

"Why don't you write a piece about the place here? Why don't you review the audience in your own way—an opening night audience?"

"All right," she said, "I will."

And she did. The other morning her contribution appeared in my mail. I am printing most of it—because I think you may be able to read between the lines and see something of that fantastic life which goes on along Broadway in the night places. You may get an angle, a slant, a feel about New York. I have cut, but I haven't changed a word.

Mothers... Watch Children's COLDS

COMMON head colds often "settle" in throat and chest where they may become dangerous. Don't take a chance—at the first sniffle rub on Children's Musterole once every hour for five hours.

Children's Musterole is just good old Musterole, you have known so long, in milder form.

This famous blend of oil of mustard, camphor, menthol and other ingredients brings relief naturally. Musterole gets action because it is a scientific "counter-irritant"—not just a salve—it penetrates and stimulates blood circulation, helps to draw out infection and pain.

Keep full strength Musterole on hand, for adults and the milder—Children's Musterole for little tots. All druggists.

Peppy, Oh, So Peppy

"Happy" Pelton had a peppy orchestra, and it surely made every one feel like working hard. I asked Liza who the very good-looking chap wandering around the wall tables was. "One of the owners!" And the dance proceeded.

We were half through the first struggle when Ada spied Earl Carroll sitting at the ringside. If Beryl Wallace had not given up her diet that evening and joined him for an early dinner before the show, I would never have believed it was he. He looks unnatural without his smock.

At other tables were Jack Osterman, Abe Lyman and Gene Malin. The music ended. Once inside the dressing room there was a run on the whitening bottles. It seemed only a second had passed before we were regaled in feathers and floating around the floor again. Finally, after glimpsing the vivacious little Armda at the table, I decided that the man with her must be Gus Edwards. It was. However, I am afraid he did not appreciate the whitening and all, because, after nine weeks, we are still waiting to be "discovered."

By that time Joe Frisco was holding forth at a front table, having much competition in Bill (stage) Boyde, who also wore a white carnation. Roger Wolf Kahn was strolling around and Bill Meyers was in and out.

Quick Change.

Another quick change, with Tillie, our grand, great big wardrobe lady, giving us the Dickens for getting lipstick on this, or for popping a button on that. There was a panic when it was discovered that the breeches for Marge's parade costume had been snapped in the crotch and sewed up where a leg had to go through.

After doing a back-bend to get out of the door with those enormous hats on, we made the number in time. At that point the show seemed to be centered around a table of new arrivals in the middle of the dining room. I couldn't help but recognize—Yes!—Eddie Cantor and

George Jessel. All of the girls seemed to have a secret yen for them, for the smiles were flourishing.

I forgot to mention Jean Harlowe, Billie Dove and Ethel Mermen—but the interest of the girls doesn't go to feminine guests.

After all the excitement I hid me home, which, this season, is a wee room five flights up. It's a great life—this night clubbing.

COLD ROOM TEST—In a specially constructed chamber, refrigerating apparatus, controlled by thermostats, duplicates the winter temperatures of your locality. Tests are made at driving temperatures as low as 20° below zero. The exact road performance of Mobilgas, under the different "engine heats" produced by these tests, is measured and recorded on a control panel by the most delicate instruments. With this exact knowledge, the specifications of Mobilgas are then pre-adjusted to provide Climatic-Control.

Plans For Ellwood's New Postoffice Show Fine Modern Building

By ARTHUR C. WIMER
Special Washington Correspondent Of
The New Castle News

WASHINGTON, D. C., Feb. 3.—Local materials will be used in the construction of the new Ellwood City post office and local wage rates will be insisted upon, according to a statement on the project procured by Representative J. Howard Swift from the United States Treasury Department.

The statement obtained by Mr. Swift gives an excellent idea of how the Ellwood building will be designed and executed. The Treasury Department says of the proposed structure:

"The new post office building at Ellwood City will be located on Seventh street. The lot occupies the entire frontage from Crescent avenue to Cedar way and is 160 feet deep. There is ample space for lawn at the front and two sides of the building.

"A brick paved court for mail trucks will occupy the space at the rear of the building. This court will be reached by a private driveway from both Seventh street and Crescent avenue.

"The plans of the building which are being prepared by L. H. and H. H. Thayer, architects of New Castle, show a building of monumental design of classic proportions with a modern feeling. The central features are the main facade flanked by two stone pilons 30 feet high with fluted pilasters between, surmounted by a cornice also of stone.

"At either side of the main portion of the building are the side wings, a little lower in height, set back a few feet from the front and extending about half way back toward the rear. These wings will be of brick with stone trimming. The stone work throughout will have a suitable amount of carving in an appropriate manner.

"The building will be of fireproof construction and of enduring material so far as possible. The windows and exterior doors will be of metal. The main entrance and three large windows in front will be of aluminum or bronze. The interior doors and trim will be white oak.

"The floor, excepting the lobby, will be unit wood blocks laid in mastic directly on the concrete construction.

"On account of the grade of the street, there will be a few steps from the sidewalk on Seventh street to the top of the terrace. A broad walk will lead from these steps to the main entrance.

"The public lobby 17 feet deep extends across the front of the main building. This lobby will have terrazzo floor, marble wainscot and ornamental plaster ceiling. The parcel post, general delivery and stamp windows and lock boxes occupy the wall opposite the main entrance.

"The opening in the upper part of this wall between the public lobby and the workroom will be filled with ornamental wrought iron grills. The money order and registry division occupies the right wing with windows facing the end of the lobby.

"The postmasters office is in the left wing. There are also rooms for civil service, internal revenue officers and postoffice inspectors.

"The rear portion of the building is the general workroom for the postoffice department. This room is about 20 feet high and 50 feet square without columns and is well-lighted by windows and a monitor skylight. At the rear of the workroom is a mailing vestibule and covered mailing platform. A room of ample size with the usual toilet facilities is easily accessible from the workroom for the use of the employees.

"There will be boiler and fuel rooms in the basement. An appropriation of \$135,000 was provided for the purchase of a site and erection of the building. The plans and specifications are being prepared by L. H. and H. H. Thayer, who are working in co-operation with the office of the supervising architect of the Treasury Department. It is the intention to push the work as rapidly as possible so that the construction can be started in the early spring. Local material and labor will be used as far as possible and the prevailing rate of wages will be insisted upon."

Miss Sue Cox Is Pleasing Hostess To Club Members Last Night

ELLWOOD CITY, Feb. 3.—Miss Sue Cox entertained the members of the Klee Jut Klub at her home on Spring avenue last night. Miss Mary Weber, Miss Cora Foust, Miss Betty Smith, Miss Taylor and Mrs. Ruth Bohlander. The home presented a most inspiring scene in its beautiful valentine decorations.

Bridge at three tables was the principal diversion of the evening at the conclusion of which Miss Weber was presented the guest prize and Mrs. Charles Turner the club award. A delicious repast was served by the hostess at a later hour with the assistance of Mrs. Harry Bauder and Miss Foust.

The club will meet again in two weeks at the home of Miss Jeanne Hill on Fountain avenue.

New Record Set In Local Library

Satisfactory Report Given To Board At Monthly Meeting Tuesday Night

ELLWOOD CITY, Feb. 3.—Some astounding facts were revealed to members of the Ellwood City library board at their regular meeting last night.

Routine business matters were immediately disposed of after which all seriously considered Librarian Mrs. Catherine Charles' monthly report.

It was revealed that the library for the month of January had a circulation of over 12,000, which is as many volumes as the library has at hand. Since the board has adopted an economy program no books were bought for the past month. There was a decrease in the children's circulation because of this. But nevertheless there is a 3000 increase of the circulation over the corresponding month of last year, which makes a 50 per cent in the use of the local library over that of last year.

Travel League Holds Meeting

Mrs. A. M. Stevenson Is Hostess To Club At Regular Meeting Tuesday

ELLWOOD CITY, Feb. 3.—The Travel league of this city held its regular meeting Tuesday afternoon at the home of Mrs. A. M. Stevenson on Pittsburgh circle. Eight members were present on the occasion. A study of the Belgian cities was taken up at this time. Mrs. John Hough and Mrs. Thomas Clark gave interesting papers on the subject. Following this an interesting social time was enjoyed.

Dinner-Bridge Club Has Good Meeting

ELLWOOD CITY, Feb. 3.—Mrs. W. R. Johnston received the members of the Dinner Bridge club at her home on Fountain avenue Tuesday afternoon. Bridge at two tables was the principal pastime of the evening at the conclusion of which Mrs. J. Jay Dunn Sr. and Mrs. Carl Hayes received the club favors.

Delicious refreshments were served at a later hour. The club will meet again in two weeks at the home of Mrs. C. D. Ross of Ninth street.

Ellwood Reserves Obtain Vengeance Over New Brighton

Defeat Valley Reserves 12-10 In Exciting Preliminary Contest Tuesday

ELLWOOD CITY, Feb. 3.—The vengeance of the varsity over New Brighton was made sweeter last night, as the local Reserves proceeded to hand out a 12-10 defeat to New Brighton Reserves in hard preliminary game.

The teams were evenly matched and battled on even terms until the final period when Ray Latiano sunk the winning basket from mid-floor. The game was marked by fine defensive play. The score was 2-1 for Ellwood at the end of the initial quarter, 6-4 for Ellwood at the half. The locals were held in check in the ensuing stanza when the visitors took a 7-6 lead. They were outscored 6-3 in the final stanza which gave Ellwood their 12-10 victory. The local Reserves have now defeated every other reserve squad in the section with the exception of Butler. They are priming for this game now.

The lineup:
Ellwood R. 12 New Brighton R. 10
Bolotin F. Harbar R. 10
Latiano C. F. Cappo
Vanderillo C. Keppan
Bunney C. P. Bukich
Frew C. Mujwit
Subs: Ellwood: New Brighton: non Fous: Ellwood 4 out of 8; New Brighton 4 out of 12.
Field goals: Bolotin, Latiano, Vanderillo, Bunney, Harbar, Keppan 1.
Referee—Zeigler.

Members Of N. E. W. Club Hold Meeting

Mrs. W. Grayson Coates Entertains Club Members In New Castle Home

ELLWOOD CITY, Feb. 3.—Mrs. W. Grayson Coates was hostess to the N. E. W. club at her home Tuesday afternoon in New Castle. Bridge was the principal diversion of the evening with two tables at play. Mrs. Bessie Pitzer of New Castle and Mrs. Steven Keul, Jr., of Ellwood City were presented the club favors at the conclusion of the games.

At an appointed hour the hostess, with the assistance of Mrs. Pitzer, served a delightful repast as a closing event of the meeting. The club will meet again in two weeks at the home of Mrs. Keul on Park avenue.

Missionary Society Has Regular Meeting

ELLWOOD CITY, Feb. 3.—The Women's Foreign Missionary society of the M. E. church held its regular monthly meeting at the home of Mrs. Frances Barton on Glen avenue. Mrs. Edward Spencer, the president was in charge of the program. She read an interesting paper on "The Women of the Rural Districts of the Orient". Mrs. C. G. Dennison was in charge of the devotions.

The society decided to hold a thank offering service soon and to celebrate the fourteenth anniversary of the church. The date has been set for February 14 and Rev. Robert H. Little, pastor will deliver the address. An effort is being made to obtain the five former ministers of the church to participate in the program.

The next meeting will be held at the home of Mrs. George Roys on Wayne avenue. Mrs. Thomas George will be the program leader.

Correct This Sentence: "I had a little accident with the car this afternoon," said the wife, "but John said the same thing might have happened to him."

Who Dealt Club Has Fine Meeting

Mrs. Lawrence Sumner Entertains Club At Regular Meeting Tuesday

ELLWOOD CITY, Feb. 3.—Mrs. Lawrence Sumner delightfully received the members of the Who Dealt club at her home on Second street Tuesday evening. Mrs. Theodore TerLinden, Jr., Mrs. Elizabeth McCracken and Emily and Eleanor Pitzer were special guests on the occasion.

Bridge was the principal pastime of the evening with three tables at play. Mrs. Charles Relph and Mrs. Howard Gills received the club awards at the conclusion of the games. Misses Emily Pitzer received the guest prize.

Later in the evening the hostess served a delectable menu amidst the glories of Valentine colors. The club will meet again in two weeks at a place to be determined later.

Societies Hold Fine Banquet

Y. P. C. U. And Intermediates Have Good Program At Interesting Affair

ELLWOOD CITY, Feb. 3.—Sixty-five members of the Y. P. C. U. and Intermediates of the U. P. church were present at their annual banquet last night in the dining room of the church, which was appropriately decorated with valentine colors.

The Alumni orchestra furnished music throughout the dinner. Following the dinner the assemblage joined in several group songs, led by Earl Moyer. Chester Wilson presided as toast master on the occasion. Ellen Newton gave the toast to the girls to which Miss Grace Harbison responded. Miss Catherine Wilson delivered an interesting reading.

Mrs. W. E. Minter, Mrs. Joe Young, Mrs. Emmet Liebenborfer, and Mrs. Ed. Harbison were in charge of kitchen arrangements.

Hadassah Club Has Regular Meeting

ELLWOOD CITY, Feb. 3.—The Hadassah club held its regular monthly meeting Tuesday evening at the home of Mrs. Harry Caplan on Fourth street. Mrs. A. Caplan and Mrs. Louis Garson were co-hostesses on the occasion. Several reports were heard at this time which received the approval of the club. The club plans to hold their annual banquet soon and plans are being made for its success.

After the business meeting Miss Sarabelle Bolotin rendered a group of parady songs much to the pleasure of those present. The next meeting of the club will take place at the home of Mrs. Bolotin on Park avenue on March 7.

ACCEPTS CALL

ELLWOOD CITY, Feb. 3.—Rev. Theodore F. Fischer, who has been pastor of Barry's church located in Marion township for the past 22 years, completed his work at that church with a farewell sermon Sabbath morning. In 1910 he came here from the seminary and took up his first charge. Despite the fact that the charge he filled was a rural one in a large township and the members of the congregation lived many miles apart, he made many pastoral calls. The records show that during his stay here he made 6,044 pastoral calls, preached 1,596 sermons, baptized 307 children, confirmed 222 young people and married 90 couples. This church gives largely to benevolences, the amount given being more than \$17,000.

There are more than 400 on the church roll and a fine new church building was dedicated some years ago largely due to the efforts of Rev. Fischer. The pulpit will be filled with supplies until a successor is named by the church council.

Rev. Fischer and family left February 2 for their new home at Cambridge, Md., where he will take up his new work immediately.

LADIES AID

ELLWOOD CITY, Feb. 3.—The Ladies Aid society of the M. E. church will hold an important meeting at the home of Mrs. Dale Turner on Second street Thursday evening at 8 o'clock.

New Brighton Is Defeated

Ellwood High Wins From Valley Team 20-19 Last Night

GRAND FINISH MADE BY TUBERS

ELLWOOD CITY, Feb. 3.—Making one of the most glorious finishes seen here in a long time, the Ellwood City high passers won their fourth straight game last night when they nosed out New Brighton 20-19 in the lid lifter of the second half at Lincoln gym.

The game was one of the most thrilling seen here in a long time. It was a last minute sprint that pulled the game out of the fire for the locals.

The visitors started the scoring when Molter got a basket on a clever block play that later proved good for two more. On the second play Latiano sunk a beautiful shot from mid-floor. This was followed by two baskets by Brkich and one by Roth and Walter. Bob Kennedy made two points on a good play which was followed by two fouls by Johnson. Fields had just sunk a shot from mid-floor as the quarter ended with New Brighton leading at 11-6.

Ellwood gained on the invaders in the second quarter. Latiano and Kennedy made shots from the center of the floor which were followed by a basket by Walker and then a foul apiece by Roth and Brkich. Dudick offset this with a nice shot from a good position of the court. The score at half time was 15-12 for the invaders.

The third quarter was marked by defensive play by both teams. Brkich was only able to get a field goal for the period which gave New Brighton a 17-12 edge at the close of the period.

The final quarter of this game will live in the minds of local sports fans. The blue and white cagers covered themselves with glory when they refused to give up even after a five-point deficit. Their valiance and spirit was rewarded with victory. The visitors scored first in the period when Roth made two free throws. The remainder of the scoring was done by Ellwood. On a good pass from Latiano, Barnes sunk an easy two-pointer from under the hoops. Tony Latiano came to the fore twice to make a shot from a favorable position on the floor to make the score 19-18 for New Brighton with less than a minute to go. The big crowd was now in an uproar when Dudick was awarded a foul and an opportunity to tie the game. The throw missed. Kennedy also missed a free throw after the next play. Dudick got possession of the ball after it rolled off the boards and threw a short pass to Barnes under the hoops where he had no trouble making it. Ellwood got possession of the ball after the throw and froze it until the final whistle, to give them a well-earned 20-19 victory.

Tony Latiano played about the best game of his life last evening. He was a hard man to stop last night. It was his work with the aid of Barnes that made victory possible. Latiano found the hoops for four baskets. Barnes and Kennedy each got two. Brkich and Fields were the outstanding performers for New Brighton.

The summary:
Ellwood 20 New Brighton 19
Johnson F. Fields
Latiano F. Brkich
Barnes C. C. Brkich
Smith C. G. Roth
Dudick C. G. Walker
Dudick C. G. H. Molter
Subs—Ellwood: Kennedy, Soccoloff, New Brighton: Mujwit.
Fouls—Ellwood 2 out of 8, New Brighton 5 out of 9.
Field goals—Latiano 4, Barnes 2, Kennedy 2, Fields 2, Brkich 2, Dudick, Walker, Molter.
Referee—Richards.

APPROPRIATION RECEIVED.

ELLWOOD CITY, Feb. 3.—Treasurers of the Ellport Boro, Wayne township and Perry township have received their semi-annual state appropriation from the treasury at Harrisburg. It comes as a great help to the two latter townships at this time as a factor in solving their financial difficulties caused by their taxes and other monies being deposited in the Citizens National Bank, which has been insolvent for several months. Up to this time the teachers and other people being employed by the townships have received only a part of their salaries as the taxes have been slow in coming.

Pittsburgh Pastor Makes Address In Ellwood City Last Night

ELLWOOD CITY, Feb. 3.—The Kiwanis Club of Ellwood City had its full attendance and 40 guests present at its weekly meeting last night in the Trinity Lutheran church. The attraction of such a turnout was the presence of the Rev. Fr. James R. Cox of Pittsburgh, the famed unemployment leader.

Over 100 were seated at dinner after which Fr. Cox delivered a most impressive address. He told of the "Shanty Town" and the problems it has to overcome. He told of his march to Washington and his plea with the president for immediate unemployment relief in order to avert a catastrophe.

His words will long be marked in the minds of those privileged to be present.

PYTHIAN SISTERS

ELLWOOD CITY, Feb. 3.—The Pythian Sisters of Alma Temple will hold their regular meeting Thursday night in the K. of P. hall. A good turnout is anticipated.

DO GENTLEMEN PREFER BLONDES? ANSWER IS NO

"Gentlemen do not prefer blondes," says Prof. William Moulton Marston, visiting professor of social psychology, at Long Island university, Brooklyn, N. Y. The professor questioned some 400 students as to their preferences with the result that "the men in

all classifications voted for brunettes as their first choice. They prefer blue-eyed women, however. Red hair seemed to be generally unpopular among both men and women students." According to his questionnaire, the platinum blonde locks of Jean Harlow are

"out"; also the natural gold of Joan Bennett's hair and the Titian curls of Clara Bow and Nancy Carroll. While blue-eyed, brown-tressed Joan Crawford and the ebony hair and eyes of Dolores del Rio and little Lupe Velez are winners.

Soviet's Chewing Peasants Led to 'Red' Rubber Find

Russian Plant Used by Mountaineers in Lieu of American "Gum" May Revolutionize World Rubber Industry.

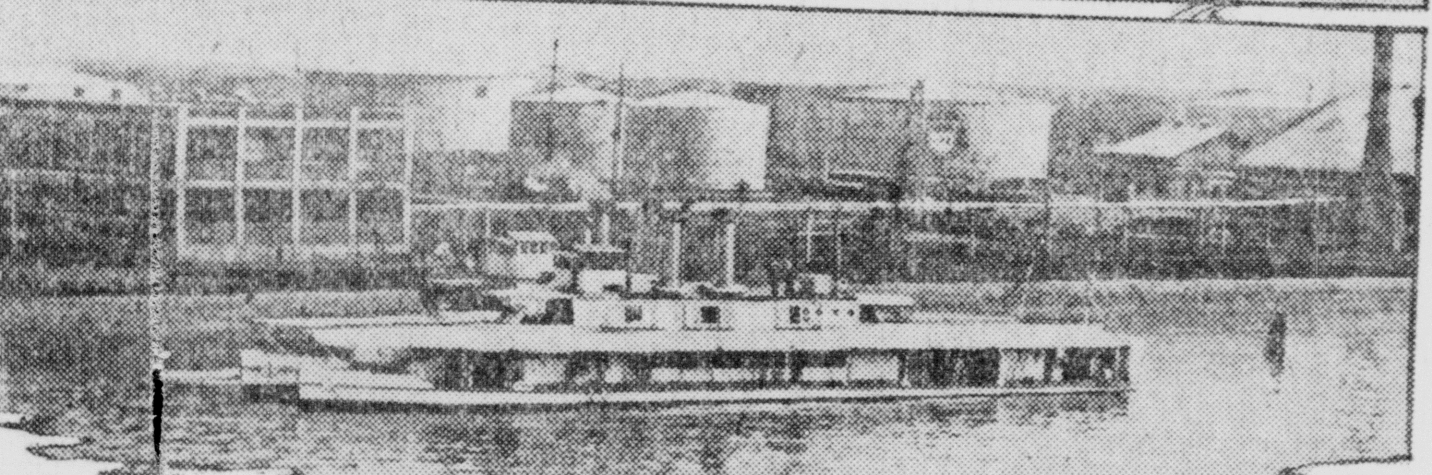

TAP ROOT OF "TOWSAGIS" ENGINEER VAINOVSKY WITH PIECE OF PURE RUBBER

PRODUCTS OF SOVIET RUBBER

The accidental discovery that the plant chewed by peasants in the Black Mountain region of Soviet Russia contains 40 per cent latex, which yields 95 per cent pure rubber, may put the Land of Lenin on top of the world, as far as the rubber industry is concerned. Although the new plant, called "towsagis" (mountain chew), is only found on elevations 4,000 to 5,000 feet above sea level, on sunny slopes, scientists have experimented with it and discovered that it will readily grow in valleys if it gets sufficient sun and moisture. Soviet officials claim that the plant does not require much tending, and, unlike the rubber trees of Brazil and the Malay Peninsula, are immune to frost. They further claim that 95 per cent pure rubber can be extracted from the plant by a cheaper and more simple method than is possible with the Brazilian product. The plant, removed to a new environment, requires about five years to reach maturity, at which time it has a tap root weighing from two to four pounds. Above is Soviet Engineer Vainovsky with a sample of the new "Red" rubber. At the left is a "towsagis" tap root, and below are automobile tires made from the new product. The Soviets are tremendously excited by the possibilities of their discovery and are frantically laying out plantations for the cultivation of "towsagis."

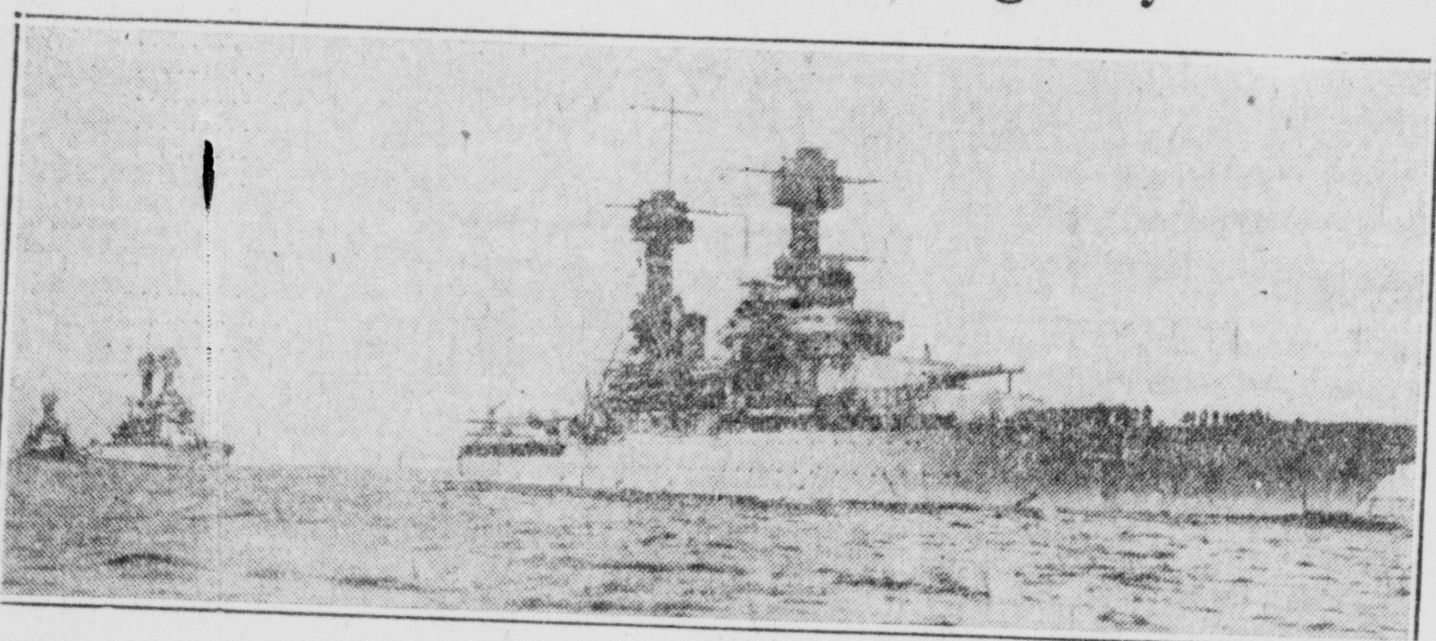

"Over There" on the Shanghai Front

Chinese natives celebrating a holiday in their traditional manner, with firecrackers are said to have been the cause of Japanese warships opening machine gun fire on the plant of the American Texas Oil Company, shown here with two U. S. gunboats anchored on the river before it. Marines have been assigned to guard the plant to prevent

a recurrence of the incident. Meanwhile the 31st Regiment of the United States Army regulars have been rushed from Manila, P. I., to augment the Shanghai force of marines in the International Settlement. Above the 31st, which is composed of World War veterans, is shown as it passed in review before Secretary of War Patrick Hurley, recently.

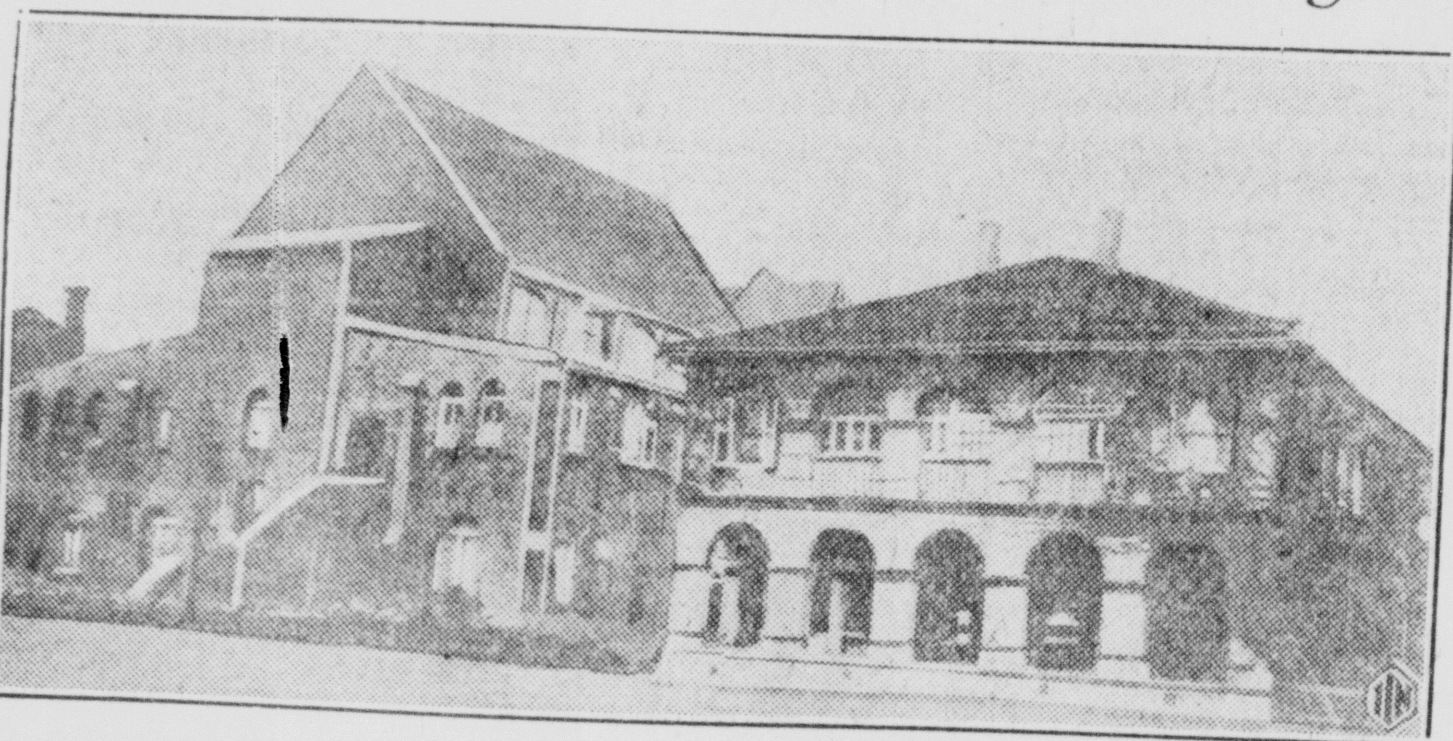

"Ready for Any Emergency"

Headed by the U. S. S. West Virginia, the United States battle fleet is shown leaving San Pedro, Calif., for Hawaiian waters where the 1932 maneuvers will be staged. The fleet consists of sixty-five

fighting vessels and is supplied with food and munitions to last one year. Vice-Admiral Richard H. Leigh, in command, stated the fleet is "prepared for any emergency". Following the West Virginia are the battleships Colorado and Maryland.

American Mission Jap Bomb Target

Here is the Young Allen Court Memorial Church, in the international settlement at Shanghai, which was struck by bombs dropped by Japanese planes during the fighting in the Chinese city. The planes were operating against Chapei, the Chinese quarter of the city, after the attempted occupation by Jap troops had met with unexpected resistance. Japan-

ese police in the settlement declared that the bomb fragments picked up near the scene of the mission bombing were those of Chinese artillery shells. Protests by U. S. Consul General Edwin S. Cunningham over the bombing met with save denials and assurances of friendship for America from the Japanese authorities in charge of operations.

Striding Towards Olympics

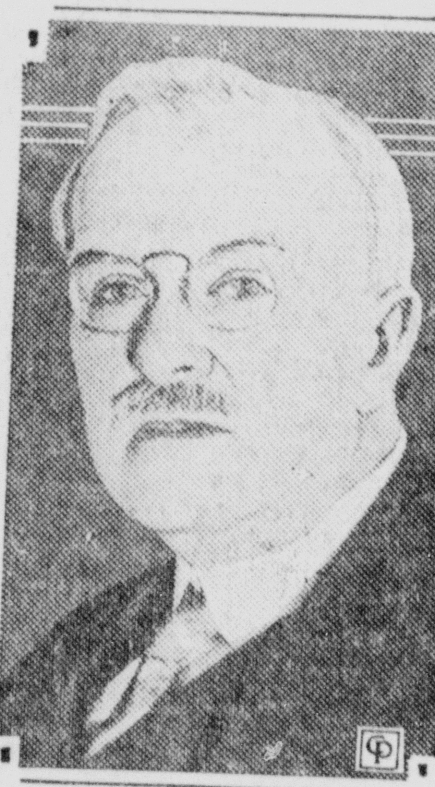

Already famous as one of the world's fastest women and a member of the 1928 Olympic team, Anne Vrana O'Brien is seeking fresh laurels in the coming international contests. She is shown as she began training at Los Angeles for the American tryouts. Mrs. O'Brien is not only a star hurdler (look at her form), but is also preparing for sprints, javelin and discus throwing. In fact she's a regular one-woman track team.

In the Shanghai Spotlight

By the efficient and dignified manner in which he handled a very delicate situation, Edwin S. Cunningham, United States Consul-General at Shanghai, reflected credit upon his government and his country. In the face of tremendous difficulties, Cunningham performed his job of looking after American interests in the war-torn city and spared no effort to avert bloodshed. It was his appeal for further protection for the international settlement that resulted in President Hoover sending the Asiatic fleet and a regiment of U. S. Army regulars to the storm-center. The Consul-General is shown with Mrs. Cunningham.

Zelenople High Defeats Union

Zelenople's League Leading Team Hands Union 27 To 22 Setback

LANNIGAN-YOUNG STARS OF BATTLE

Zelenople High continues to rule the roost. Section 18 of the W. P. I. A. L. today, by virtue of not having suffered a defeat in six starts. Their sixth victory was hung up last night at the expense of Union High School quintet at the Union High floor. The score was 27 to 22. The game was fast and interesting in every period, especially the third quarter when Union failed to score a single point. Coach Boyd was forced to play Mateja at a guard post in place of the regular guard who is crippled. Lannigan was the only consistent scorer for Union with five field goals. Phillips and Augustin each kicked in with two field goals.

Zelenople Good
Young and Smith were the aces in the Zelenople camp with seven field goals between them. Ifft helped out with a pair of field goals. Union's foul tossing was away below par with only four out of ten tries. Zelenople tagged seven out of eleven a natural, they tell me.

At the end of the first half Union held a 15 to 13 lead. In the third quarter it was the same old story. Union couldn't have located the basket with a compass, and they didn't even make a foul. No points for one whole quarter hurt the chances of Union no little bit. Zelenople copped seven points while the Union team was dreaming and consequently took the lead. The score at the end of the unusual third period was 20 to 15, with the invaders riding the crest of victory. Union did snap out of it in the fourth and final period and tallied seven points even with Zelenople, but that debacle in the third stanza was the finish.

Large Crowd
The Zelenople team was fast and played the Union team off their feet. Union is capable of better basketball and Coach Boyd will have his work out for him in the next few games. Had Union won last night they would be up their fighting for the flag, but now they must pull the almost impossible.

The Union High gym was packed last night. Zelenople sent a fine delegation of rooters to New Castle. The summary—
Zelenople 27.
Union 22.
Smith Lannigan, F. Young Augustin, C. Ifft Javorski, C. Rogner Mateja, G. Yockey
Score by quarters:
Union 7 8 0 7—22
Zelenople 6 7 7 7—27
Subs—Boron for Lannigan, Sniezek for Phillips, Moorhead for Yockey.
Field goals—Phillips 2, Lannigan 5, Augustin 2, Smith 3, Young 4, Ifft 2, Rogner 1.
Fouls—Union, 4 out of 10; Zelenople, 7 out of 11.
Referee—Dave Hoskins.
Scorer—Augustin; Timer—Ammons.

Levin's Refuses To Meet Dempsey

Max Baer May Jump At Chance To Get Bout With Dempsey And \$5,000

(International News Service)
CHICAGO, Feb. 3.—Kingfish Levin, Chicago heavyweight, has turned down an offer of \$5,000 to fight Jack Dempsey in a four round exhibition bout here Feb. 18, it was reported today.
His sister-manager, Mrs. Lena Levy, told promoters that Levin's is too big a drawing card to fight for that sum.
Max Baer of California, awarded a decision over Levin's last week, was said to be angling for the bout and the \$5,000.

Jockey Is Hero Of Thrilling Rescue

(International News Service)
NEW ORLEANS, Feb. 3.—Holders of Mutual tickets on Sunny Port were elated over the failure of the horse and jockey to "pay-off" today. For Sunny Port and Jockey J. O'Malley are now heroes of the turf world.
Yesterday they risked their lives to save Jockey Eugene James, thrilling thousands of spectators.
James was thrown when Kitty Wilkins, his mount, stumbled. As he hurtled through the air he made a grab for Sunny Port, and clutched the horse's mane. He was just losing his grip when O'Malley reached down, grabbed him by the trousers and pulled him to safety.

Section Three Lead Deadlocked

Butler Wins, 26-15, While New Castle Loses To Tie For Lead

Only last Saturday morning the New Castle high school basketball passers woke up to find themselves leading the Section Three race of the W. P. I. A. L. This morning the situation is a bit different with Butler sharing the top berth with New Castle as a result of Butler's victory over Rochester 26-15 while Beaver Falls defeated the local team 17-15 Tuesday night.

Ellwood City high which is coming right along at a fast pace upset the bucket once more when it eked out a 20-19 victory over New Brighton to ascend to a deadlock for third place with Beaver Falls. The situation is a bit complicated today for New Castle. With two hard games carded down the Beaver Valley with Rochester and New Brighton and Butler slated for February 29 here, it looks like Coach Phil Bridenbaugh's team will have to hustle if it contemplates capturing the sectional race this season.

Friday night's schedule finds the Ellwood City team battling at the George Washington junior high gym with New Castle as the opponents. Beaver Falls travels to Butler for a game and Rochester and New Brighton combat at New Brighton. New Castle must win its remaining games to win the title as Butler is favored to come through in its games with Beaver Falls and New Brighton before tackling New Castle.

The standing:
New Castle 5 1 430
Butler 5 1 430
Beaver Falls 3 3 509
Ellwood City 3 3 500
New Brighton 2 4 468
Rochester 0 5 000

Wilson To Train At Hot Springs

(International News Service)
MARTINSBURG, W. Va., Feb. 3.—Hack Wilson, recently signed by the Brooklyn Robins baseball club, planned today to leave for Hot Springs, Ark., where he hopes to lose between 10 and 20 pounds of surplus flesh with 15 days.
The squat, hard-hitting outfielder tips the scales at 210 pounds at present and his normal playing weight is 190.
Wilson said he would return here for a brief stay before reporting at the Robins' training quarters at Clearwater, Fla., in March.
Mrs. Wilson and their small son, Bobby, were to accompany Hack on his trip south.

Basketball Team Figures In Crash

Bradford Basketball Players Wreck Automobile On Way To Oil City

(International News Service)
OIL CITY, Pa., Feb. 3.—Members of the St. Bernard's high school basketball team, of Bradford, escaped injury or possible death last night when the auto in which they were traveling to Oil City skidded over the road and went over a slight embankment, it was revealed today.

The accident occurred near Nebraska in Forest county. The car was damaged and an automobile from this city was sent out to bring the stranded players here.

Bradford's team left for their homes this morning. Oil City won last night's basketball game, 19 to 12.

VALLEY TEAM UPSETS NEW CASTLE QUINTET

New Castle Suffers Second Defeat Of Season—Locals Are Off Form

MELEE IS STOPPED IN THIRD QUARTER

Hamer, Marconda Star For Beaver Falls—Lasky, Reiber Best For New Castle

(Special To The News)
BEAVER FALLS, Pa., Feb. 3.—Playing mediocre basketball throughout, the Red and Black attired quintet of New Castle fell down to defeat for the second time this season, Tuesday night, losing to a fighting Beaver Falls high five before several hundred fans at Beaver Falls. The final score, 17-15. Today New Castle and Butler are deadlocked for the first place in the section three race as a result of the upset.

The two schoolboy combinations started playing weird ball. It was sometime before the first field goal was chalked up. J. Uram, New Castle's small forward went to the foul line but missed. Marvin placed the Tin City team ahead by ringing in two fouls in rapid order. Price for Beaver Falls blew his chance at the gratis throw as Ed Brunausky an instance later Reiber, New Castle's guard, maneuvered his way past Marconda and scored on a pretty one handed shot under the hoops to send the Coach Bridenbaugh proteges ahead, 4-0.

N. Uram was awarded a free toss and converted the throw into a point as the opening session closed. The score, New Castle 5, Beaver Falls 0. During the first period both teams appeared ragged. The Beaver Falls stands reared as Price lanky Tiger forward sank the sphere through the rim from the side of the spacious court. It was a pretty heave. Marconda was fouled and annexed Beaver Falls third point. G. Marconda walked to the charity mark and connected with one point out of two tries to give New Castle a three point margin at 6-3.

Nabbing a hard pass from Nick Uram, Andy Lasky the Red and Black center, pivoted his way around Barry and scored on a spectacular left handed shot. The play was a sensational piece of work on the part of Lasky. Hamer for Beaver Falls scored from the foul line to cut New Castle's lead to three points at 8-5. Barry made a good one out of two fouls for the Tigers.

With only a few seconds left until the end of the half Marconda tallied from mid-center. The ball hit the floor after going through the cords and the gun sounded, sending the rivals into an 8-3 tie as the teams walked to their dressing rooms.

Marvin started play in the third chapter by tallying a foul. Hamer a minute later missed his foul try for the Tiger crew. Again Hamer was fouled but this time registered a point to deadlock matters 9-9. New Castle advanced to the top berth when Marvin scored from under the hoop.

Lasky passed up his foul try. Marconda scored a foul to cut the Lawrence team's lead 11-10. Beaver Falls went into a one point lead when Hamer scored his second field goal of the game from the side as the third quarter ended following the scoring. The score was 12-11 with Beaver Falls ahead.

In this period the New Castle lads missed many shots. The ball, however, the officials were successful in halting the melee in a short time and play was resumed.

John Uram for New Castle tied the count by registering a foul. Hamer took advantage of an open shot under the hoops to give the Falls crew a 14-12 lead. Marconda stepped to the foul line but missed. As N. Uram was running down the floor, in some unkind manner he was tripped and was awarded a foul. His younger brother John, and Price of Beaver Falls started to exchange blows and it wasn't long until the floor was crowded with plans and players of the opposing team. However, the officials were successful in halting the melee in a short time and play was resumed.

Schmeling-Sharkey Bout Is Approved

Heavyweights Will Battle At Yankee Stadium On Night Of June 16

NEW YORK, Feb. 3.—The scheduled heavyweight championship bout between Max Schmeling and Jack Sharkey at Yankee stadium here on June 16 was officially sealed, signed and delivered today. The New York boxing commission officially approved the match yesterday after representatives of champion and challenger posted required forfeits of \$25,000 apiece in government bonds to guarantee their appearance.

Madison Square Garden, which will promote the bout in conjunction with the milk fund, will post a like amount next Tuesday at which time the board will lift the suspensions of Schmeling and his manager, Joe Jacobs.

Baseball Moguls Conclude Session

Hired Help Takes Setback As Moguls Discuss Ways Of Cutting Down Expenses

PLAYERS BANNED FROM TALKING

By LES CONKLIN
International News Service Sports Writer.
NEW YORK, Feb. 3.—The "winter baseball season" was over today as moguls "scrambled" home following meetings of the National, American and International leagues here.

Practically all developments of the closing session were depressing to the hired help.

The National league fired two of its 12 umpires, "Death Valley" Jim Scott and "Dangerous Dan" McGraw and followed the example of the American and International circuits in deciding to fine players who talk to spectators at ball games.

Talking is banned. Ostensibly this step was taken to block possible attempts to bribe players. In actuality it will prevent the boys from making a date with the girl friend, chatting with admirers or getting down on a hot tip in the fourth at Latonia.

Even the umpires who didn't get fired were saddled by adoption of a rule compelling them to report for games early, at practice time.

It was impossible to confirm reports National league club owners decided upon drastic and brutal treatment for persistent holdouts, perhaps the moguls were hammered in this respect by recent action of the Brooklyn club in voluntarily offering Hack Wilson, the star of 1931, a salary considerably larger than he hoped to get.

Passes Limited.
It was decided to allot no more than 500 season passes to each club. The National league season will open April 12 and close Sept. 25, being the shortest season in elapsed time since 1918. The eastern clubs start their first western trip on May 5, with the western teams coming east June 7.

International league moguls expressed hope the annual "little world series" with the American Association pennant winner could be changed by 1933 to a three-cornered series involving the Pacific coast league.

Bobsledding Is Dangerous Sport

Lake Placid Bobsled Runway Is Scene Of Serious Accident

THREE GERMANS SUFFER INJURIES

By QUENTIN REYNOLDS
International News Service Sports Writer
LAKE PLACID, N. Y., Feb. 3.—"Who will it be today," the bobsled riders asked gaily this morning. Men with ice water in their veins and eyes that laugh at death continue to scream down the sheer slope of Mount VanHovenberg.

Bobsleds manned by the world's greatest drivers swerve unaccountably at the turns to throw the occupants off the course and into masses of rocks and tree stumps deceptively covered with a light layer of snow.

Yesterday it was the German team, led by Captain Fritz Graub, which fell victim.

Three Badly Hurt.
His sled jumped the bank at Shady Corner and hurled itself down the slope, scattering the four riders against rocks and trees.

All were unconscious when picked up and now all are in the hospital. With Graub and his companion Albert Brehme, 27, critically injured. Helmut Hoppman, 28, has a concussion of the brain and painful face injuries.

The fourth member of the quartet, Albert Krotki, was not seriously hurt.

Two near accidents followed the German misfortune but there were no casualties. The Belgian four men sled overturned while half way down the course spilling the four Belgians. Reto Capadutti, the young Swiss driver narrowly escaped death when the sled he was driving shot high up on the shady corner bank only to settle back just as horrified spectators were sure it was going the way that Graub's sled had an hour before.

Safety Five Is Defeated

For the first time this season the Safety Five basketball team fell down to defeat when it was handed a 13-9 trimming at the hands of the West Pittsburg Boy Scouts on Tuesday evening at West Pittsburg prior to this the Safeties had a winning streak of 14 games.

Vanishing Americans
45—Pontiac's Conspiracy

IN 1761 PONTIAC BEGAN FORMING A PLOT OF ASTOUNDING MAGNITUDE. THIS WAS NO LESS THAN TO UNITE ALL THE TRIBES OF THE OLD NORTHWEST IN A POWERFUL CONFEDERACY PLEDGED TO DESTROY ALL THE ENGLISH ON THE FAR-FLUNG FRONTIER.

PONTIAC PLANNED THAT ALL THE ENGLISH POSTS SHOULD BE ATTACKED ON THE SAME DAY SO THAT ONE GARRISON WOULD BE UNABLE TO SEND HELP TO ANOTHER. THE CRAFTY OTTAWA CHIEF SPENT TWO YEARS MAKING PLANS FOR THE GREAT UPRISING.

© 1931, By J. CARROLL MANSFIELD

HE SENT RUNNERS TO FAR DISTANT TRIBES AND WON THEIR SUPPORT TO HIS CAUSE. THE WARLIKE SAUKS OF ILLINOIS AND THE FIERY SENECA OF NEW YORK AGREED TO HELP HIM. MAY 7 1763, WAS SET AS THE DATE OF THE GENERAL ATTACK.

THE SECRET OF SUCH A WIDESPREAD CONSPIRACY AS PONTIAC'S WAS BOUND TO LEAK OUT. SOME OF THE ENGLISH COMMANDANTS WERE WARNED BY FRIENDLY INDIANS THAT PONTIAC WAS PLOTTING MISCHIEF. THEY AT ONCE TOOK STEPS TO PREVENT A SURPRISE BUT, WHEN WEEKS PASSED WITH NO SIGN OF TROUBLE, THEY RELAXED THEIR VIGILANCE.

NEW YORK STOCKS

Some Stock Favorites Show Higher Trend

(International News Service)
NEW YORK, Feb. 3.—With prices of a handful of the favorites inclined slightly higher this morning, the stock market lapsed into a dull and lifeless affair. Transactions in the first half hour totalled only 90,000 shares.
The rails held more firmly than in the final period yesterday, though the first prices of the day were fractionally lower. Big Steel moved up about a point to 40 1/2, and Corn pro-

ducts advanced a point to 42 1/2. Loews led a moderate reaction in the amusement group and fell off 1 1/2 to 26 1/2. Coppers, Oils, Utilities and Specialties were mostly conspicuous for their absence from the tape, and the market near the noon hour was virtually at a standstill.
The latest cut in copper prices has had little effect in "moving" the metal through either the home or foreign markets. Money market conditions were unchanged, with call money at 2 1/2 per cent.

Reiselt Has Fine Lead In Billiards

(International News Service)
CHICAGO, Feb. 3.—With the world's three cushion championship billiard tournament nearing its conclusion, Otto Reiselt, Philadelphia, led all competitors by a good margin today.
Reiselt defeated Johnny Layton, Sedalia, Mo., 50 to 35 in 37 innings last night.
Frank Scoville, Buffalo, N. Y., handed Len Kenney of Chicago, a 50 to 39 beating in 62 innings. Both men have completed their tournament play. Scoville finishes with six victories and five losses. Kenney with five wins and six losses.
Auggie Kieckhefer, Chicago, Reiselt's most persistent challenger, beat Young Jake Schaefer, San Francisco, 50 to 36 in 49 innings. Reiselt has won seven matches and lost one. Kieckhefer has won six and lost two.

Hack's New Suit

Mayor In Favor Of Fund Drive

After Mayor Chas. B. Mayne today had issued a statement stating picture shows would not operate here Sunday, the city's chief executive said he is in hearty accord with the campaign now under way to raise money for the relief of the needy.
The mayor said that he earnestly solicits all his friends and acquaintances to give the campaign for the Mayor's relief their hearty support.

Mayor of Shanghai

To celebrate the signing of his \$16,500 contract with the Brooklyn Robins, Hack Wilson stepped out on the frozen diamond at Ebbets Field and slugged the pill a few times for the benefit of the movie and still cameras which had gathered to record the event for posterity. Here is the mighty Hack in his new uniform as he was welcomed to the Robins family. It is reported that the Brooklyn club paid the St. Louis Cardinals \$40,000 cash and a player for their new acquisition.
Contending that American Marines should be landed and stationed in barracks ashore, as has been done with British troops, Sterling Fessenden, known as the American "Mayor of Shanghai," urged the Consul General to lay the matter before Washington. Fessenden further requested that additional troops and ships be sent to the Chinese city.

So live that you never will care a whoop how much alienists charge.

How Shanghai Crisis Evolved

The above map presents a nutshell history of events that led to the present crisis in Shanghai, which threatens international peace. The blowing up of the railroad tracks of the Japanese-owned South Manchuria Railway, north of Mukden, started the fracas. Japanese placed the blame on Chinese and occupied Mukden as a reprisal. Gradual occupation of the entire province of Manchuria followed, the Chinese putting up no resistance, but appealing to League of Nations and boycotting Japanese trade. It was to force the lifting of the boycott and the suppression of anti-Japanese societies that Japan attempted the occupation of Shanghai.

Batting for U. S. in Shanghai

When this photo was made, Colonel Richard S. Hooker (left) and Edwin S. Cunningham, U. S. Consul-General in Shanghai, were apparently free from care. The recent upheaval in the Chinese city has placed the responsibility for the safety of their fellow countrymen in the international settlement upon their shoulders. Col. Hooker is commander of the U. S. Marines who are guarding the settlement against raids by warring Orientals. It was Mr. Cunningham's appeal for further protection for Americans that caused the Asiatic fleet and a regiment of Regular Army troops to be sent from Manila, P. I., to the danger zone.

ROAMING

With Richards

Some News, Some Views, But Mostly Just Observations Of Interesting Things Around New Castle.

Policemen, just the regular run-of-mine variety, are not unknown to you. You have heard of sanitary policemen and kitchen policemen but I did a little roaming with another kind of policeman last night, fire policeman.

Of all the policemen listed, a fire policeman is probably the most exclusive. In all the city there are but 24 of them, appointed to serve by virtue of an ordinance, and the total can never get over 24. In other words, somebody has to die or resign before a new one is appointed.

Last night was the annual banquet of the fire policemen held in the Groton church and there they were, gathered in a bunch, the fire policemen of the city. The duties of such an officer are to keep the crowds back from fires, seeing that the hose lines are clear; in other words, keeping order at fires.

They seem to be the marines of the city service, they do work that both of the other departments do. A fire policeman is as proud of his membership as an old time bartender was of the fact that he had shaken hands with John L. Sullivan.

Russ Melvin claims that he had to wait eight years before his application was accepted for membership in the fire police, which means that he had his eye out for the ones looking sick for that time. The oldest man in the company, in point of service and in years is James Young.

Can't pass the opportunity to say a word for the mayor's relief committee campaign. The committee, which has donated about \$50,000 worth of free service in the past 18 months, needs \$15,000 to keep the work going until warm weather.

This is a campaign in which you are asked to give. It's one in which you are asked to share. If you are eating three squares a day, remember there are some who need help that they may eat at all.

The price of a few decks of cigarettes a month will help the thing along. This is one campaign that the usual squawks should be missing from. Nobody is getting any salary out of it, nobody is getting any soft job out of it, nobody gets anything except the needy.

It is a non-sectarian, non-political, non-sectional, non-overhead campaign and the lad who always has a complaint against the Community Chest, against hospitals, against homes and against the Y's surely ought to shower down in this campaign. It's argument proof.

Davis' Statement About Being "Wet" Heard In Capital

Senator James J. Davis Can Win Vare's Support By "Wet" Announcement

(International News Service) PHILADELPHIA, Feb. 3.—Announcement of Senator James J. Davis (R., Pa.) that he will seek re-election as a wet is expected to be made in Washington today, according to local Republican organization leaders.

Members of the Vare organization for several weeks have awaited Davis' pronouncement on the prohibition question, with a threat implied that the Vare forces will line up behind another candidate if Davis fails to declare strongly for amendment or repeal of the national prohibition laws.

The statement expected to be issued in the capital today, it was understood in political circles here, will be "sufficiently strong" to insure Davis of the support of Vare.

Oil City Fire Loss Is \$25,000 Building Burns

Big Building And Garage Damaged By Flames, Automobiles Are Saved

(International News Service) OIL CITY, Feb. 3.—A \$25,000 fire today swept through the Traymore building and a garage in the South Side business sector here.

Eleven automobiles in the garage of the Warren Motor company were destroyed and 25 other machines were pushed to safety.

Other places damaged included stores in the Traymore structure. They were a men's furnishing store, a restaurant, an electrical appliance shop and the Latonia Theater, offices in the building were damaged by smoke and water.

Dinner Stories

GLADNESS OR SADNESS? Visitor: "I have come to register the fact that my wife disappeared three days ago."

Police: "Why didn't you register her disappearance at once?" Visitor: "Well, for the first few days I could hardly believe it true that she really had gone."

The only explanation, in some cases, is that the political aspirant got tired of waiting for the call of the people and decided to respond anyway.—The Des Moines Register.

Raspberry Briar Is Coughed Up And Boy Feels Better

Seventeen-Year-Old Boy Swallowed Briar Many Years Ago—Felt Ill

(International News Service)

MORGANTOWN, W. Va., Feb. 3.—The illness of Albert Sims, 17-year-old farm boy, which had puzzled doctors for years, today was solved. It vanished when Sims coughed up a raspberry briar.

The boy is believed to have swallowed the four-inch briar while drinking water from a well when he was eight years old. His health began to fail and physicians could not determine cause of the illness.

Tuberculosis was suspected but examination failed to reveal any trace of the disease. Physicians said the briar had been lodged in the tracheal tubes of the boy for nine years.
